

# ZEPPELINS RAID ENGLISH TOWN

## DROP BOMBS, KILLING TWO WOMEN; DAMAGE TO PROPERTY SLIGHT

South End, England, May 27.—Another Zeppelin airship raid was made upon South End last night and resulted in two women being killed, one child badly injured and many others hurt.

One of the dead women was identified as Mrs. May Faber, a visitor in the town.

The entire town was illuminated by the bursting of shells dropped by the air craft. The material damage caused appears less than on other raids.

South End, which is a municipal borough and popular seaside resort at the mouth of the Thames 40 miles east of London, has been the target for Zeppelin raiders several times in the past 6 months. On no previous occasion, however, have the results been so serious.

Some reports say that two and others that three Zeppelins took part in the raid. It is, however, impossible to give the number accurately because of the heavy clouds through which the moon shone but dimly at the time of the attack.

The noise of the propellers of the airships was first heard shortly before 11 o'clock. Then

came at once the shock of the explosions as the bombs rained down from above. Some of the missiles were incendiary and threw out bright flashes of light. Crowds assembled in the streets of South End to view the raiders. The killing of Mrs. Faber, occurred while the woman was leaving a street car. It is recalled that on the previous raid the only victim was a woman.

British aeroplanes went up in pursuit of the raiders but were not successful in overtaking them. Some time later two Zeppelins were seen over Burnham-on-Crouch, seven miles to the northeast of South End, but no more bombs were dropped.

The secretary of the admiralty has issued a statement on the South End raid which admits two women were killed. It reads:

"Last night a Zeppelin visited the east coast and bombs were dropped on South End. The casualties reported today are two women killed and one child badly injured. Very little material damage was done. Aeroplanes and Zeppelins proceeded in pursuit of the enemy, but the Zeppelins succeeded in escaping in an easterly direction."

## 50 German Soldiers Are Killed By Bomb

Amsterdam (Via London), May 27.—Fifty German soldiers who were passengers in a street car at Ostend, were killed by a bomb dropped from an allied aeroplane according to a dispatch from that

city to the Telegraaf describing a series of air raids made by the allies' aviators. The railroad station, shipping in the harbor and numerous houses have been damaged.

## GERMAN SAILORS LOSE MINDS, ARE CONFINED

New York, May 27.—Several of the German sailors on board the North German Lloyd and Hamburg American steamships which have been docked at Hoboken since the beginning of the war have become mentally unbalanced and have been placed in the Hudson county jail in that city.

Three of the sailors became so violent that it was necessary to take them from the German steamships and place them under observation.

One of the men from the Barbarossa of the North German Lloyd line on returning from a trip ashore, asserted that he was Emperor William and issued orders directing a battle in France. Afterward a blacksmith on board the Vaterland threatened to sink that ship because she would not carry him back to Germany.

Dr. George King, the county physician, attributed their strained mental condition in part to enforced idleness, melancholia and homesickness.

## BRITISH SHIP SUNK BY TURK TORPEDO

London, May 27.—The British battleship Triumph has been sunk in the Dardanelles. This official announcement was made last night.

The disaster to the Triumph is described in a brief statement by the admiralty which says that while operating in support of the Australian and New Zealand forces on the shore of the Gallipoli Peninsula yesterday the Triumph was torpedoed by a submarine and sank shortly afterwards.

The majority of the officers and crew including the captain and commander are reported to have been saved. The submarine was

chased by destroyers and patroling small craft until dark.

The official announcement does not say whether the submarine was Turkish or German, but it probably was of the latter nationality, as the British legation at Athens recently offered a reward for the sinking of German submarines supposed to be in the Mediterranean.

**COAL OPERATOR DIES**  
Hazleton, Pa., May 27.—J. C. Hayden, a pioneer authority on coal operator and founder of the Jeannette Iron Works, died at his home in Hazleton today. He was 81 years old.

## WILSON WANTS TO LEARN JUST HOW U. S. SHIP NEBRASKAN WAS DAMAGED

### Italy's King Greets Fighters; Pope Benedict Gives Prayer

Rome, May 26—(Via Paris, May 27)—King Victor Emmanuel, upon taking supreme charge of the Italian army and navy issued the following order:

"Soldiers on land and sea:

"The solemn hour for our nation's claim has struck. Following the example of my grandfather I take today supreme command of Italy's forces on land and sea with the assurance of victory which your bravery, self abnegation, and discipline will obtain. The enemy you are preparing to fight is hardened to war and worthy of you. Favored by the nature of the ground and skillful works he will resist tenaciously but your unsubdued ardor will surely vanquish him.

"Soldiers, to you has come the glory of unfurling Italy's colors on the sacred lands which nature has given as the frontiers of our country. To you has come the glory of finally accomplishing the work undertaken with so much heroism by our fathers."

Rome, May 26—(Via Paris May 27)—"The hour which we are traversing is painful but our prayers will go out more frequently and more fervently than ever to those who have in the hands the fate of nations," is a declaration made by Pope Benedict in a letter to Cardinal Vannutelli, published in the Osservatore Romano, the Vatican organ.

The pontiff recalls his first encyclical, in which he urged the belligerent nations to make peace but points out that his voice was unheeded and they continued "until the terrible conflagration has extended to our beloved Italy."

## AUSTRIA RAIDS ITALIAN COAST; ALLIES ADVANCE ON TURKISH POSITIONS

Milan, May 26.—Destruction of the railroad junction evidently was the object of the bombardment of Ancona by an Austrian squadron which raided the Italian coast Monday, according to additional details which have been received here. The warships appeared off Ancona about midnight, accompanied by two aeroplanes which flew over the city.

The bombardment began at 3 o'clock and continued two hours. Shells of all sizes were fired. The guns were trained not only upon the railroad yards but upon the military hospital, the Bank of Italy, and two barracks. The cupola of the cathedral was damaged.

Slight damage to the railroad was caused by shell fire between Porto Recanati and Porto Civitanova.

The Austrian warships retired from Ancona when an Italian fleet appeared. Because of reports that the Austrian squadron had been signalled from an Ancona brewery all Germans employed there were arrested as spies.

Paris, May 27.—A dispatch to the Havas Agency from Athens dated May 26 says the action of

the allies against the Turkish positions on the Dardanelles straits is continuing vigorously. Reinforcements are constantly being brought up. The Turks appear to be terrified by the incessant renewal of the attacks. These indicate to them the absolute determination of the allies to force the straits. From time to time the British and French artillery throws a veritable hail of shells on the Turks.

Rome, May 27.—(Via Paris)—Except for the flags which fly not only from every house but at

most from every window, Rome gives little indication of being the capital of a country which has entered upon a great war. While the entire nation was eager for the conflict a spirit of calm confidence has followed the stormy scenes which were enacted from the time the Salandra cabinet resigned until it was restored to power and the demonstrations of rejoicing which followed until the opening of hostilities.

It is apparent that the nation is preparing to make without complaint whatever sacrifices the war may bring.

## French Airmen Make Attack On German Explosive Factory

Paris, May 27. (2:37 p. m.)—A French aerial squadron composed of 18 aeroplanes, each one carrying fifty kilos (110 pounds) of projectiles, this morning bombarded a chemical factory at Ludwigshafen, on the Rhine, opposite Mannheim.

Fire broke out in several of the factory buildings, as a result of this bombardment.

This factory is one of the most

important manufacturers of explosives in all Germany. The French aviators were in the air for six hours and covered more than 600 kilometers, 240 miles.

This expedition against an important military establishment was the French reply to the attempts of German aviators on the city of Paris. This information was contained in the French official statement given out by the war office this afternoon.

## ENGLISH REPLY HELD UP BY CABLE CHANGES

Washington, May 27.—Delay of the British government's reply to the American government inquiry for an explanation of the meaning of the recent admiralty order relative to the "north about route" around the British Isles is being by officials here to be due in some measure to the cable changes in London. Ambassador Page had been instructed to present an inquiry but as yet he has not indicated when a reply might be expected. The terms of the order drew distinctness between allied and merchant craft which officials here could not understand. It does not disclose that new mine fields have been placed

in the ordinary routes from Atlantic ports to points in the Scandinavian countries, but declares allied vessels desiring to use the north about route "should apply to customs and neutral vessels must apply for permission through their foreign representatives and failing such proceed south about."

## PUBLISH TEXT OF TREATY

Peking, May 27.—The text of the two treaties and 13 notes signed Tuesday by China and Japan was published here today. An official statement from the foreign office says the treaties contain no secret clauses.

President Yuan Shi Kai issued a proclamation in reference to the treaties in which he said:

"Our rights and provinces in Manchuria have suffered enormously. We are ashamed and humiliated, but our weakness invited insult. Let all the people unite and work harmoniously for the supreme object of saving the country."

## SIX DIE IN STORM

Port Smith, Ark., May 27.—Six persons are reported dead, two at Tallah, Oklahoma, and four at Checotah, Oklahoma, as a result of the storm which swept western Arkansas and Eastern Oklahoma last night and early today. Reports reaching here from Antlers, Oklahoma, also assert that more than 60 persons were injured at Tallah.

## WOMAN IS SLAIN IN DR.'S HOME

Chicago, May 27.—Dr. Eva S. Shaver was held by the police today to explain the shooting in her home last night of Miss Anna Johnson who was said to have come to the physician's home from Laington, Michigan, a week ago. The girl was found with a bullet wound in her head in a room occupied by Clarence Shaver, a son of the physician, who has disappeared. W. C. Harvey, who lives at the Shaver residence, and who found the body, but who the police say failed to notify them until several hours after the shooting, was arrested.

A revolver owned by young Shaver was found tightly clutched in Miss Johnson's left hand. The fact that the bullet which caused her death entered the right side of her head puzzled the police. Three bullets had been fired from the weapon. Two of them were found imbedded in the wall.

## LANGDON IS APPOINTED

Columbus, May 27.—Lawrence K. Langdon was today appointed to be a member of the state public utilities commission by Governor Willis. He will succeed C. C. Marshall of Sydney. Mr. Langdon will serve until February 17, 1917, with a salary of \$4,500 a year.

## FAILS TO HEAR IF TORPEDO OR MINE SMASHED VESSEL

Washington, May 27.—Messages received by the state department today from Ambassador Page and Consul General Skinner at London and Consul Frost at Queens town, failed to say definitely whether the American steamer Nebraska had been torpedoed or had struck a mine.

One of the dispatches said the Nebraska's American flag had been hauled down five minutes before she was struck, although her name was painted on her sides in letters six feet high.

The American naval attaché at London has been sent to Liverpool to examine the Nebraska's hull.

Consul General Skinner's message follows: "Green, master of American steamer Nebraska, in wireless addressed to me via London, reports: 'Nebraska passed Fastnet rock Tuesday 4:33 p. m. from Liverpool bound for Delaware Breakwater in ballast. At 8:24 p. m. when steamer was about 48 miles west half south from Fastnet she experienced violent shock forward instantly followed by ter-

## GERMAN SUBMARINES SINK DANISH AND CANADIAN STEAMERS

South Shields, England, May 27 (2:41 p. m.)—The Danish steamer Betty was torpedoed by a German submarine in the north sea yesterday and went to the bottom. The members of her crew were rescued and have been brought to the Tyne.

The Betty was 281 feet long and of 1,267 tons net register. She was built in 1912 and was owned in Copenhagen. She sailed from Baltimore April 10 for Copenhagen where she arrived May 8.

**CANADIAN STEAMER SUNK**  
Cardiff, Wales, May 27. (Via London)—The steamer Morwenna of Montreal was torpedoed and shelled by a German submarine at mid day of Wednesday at a point 160 miles west by south of St. Ann's Head.

One members of the crew of the vessel was killed while three were wounded. The others have been landed here.

The Morwenna was bound from Cardiff for Sydney, Cape Breton, in ballast. The Belgian trawler Jacqueline picked up the crew.

## CONFESSION WON'T SAVE BECKER

New York, May 27.—No possible disclosures of police corruption or revelations of the identity of the man or men higher up in the division of money paid for police protection—no pleas Charles Becker can make—will save him from the electric chair if District Attorney Perkins can prevent it, according to an announcement made by Mr. Perkins today. In making his announcement Mr. Perkins took official cognizance of a current rumor that Becker, facing death for causing the murder of Herman Rosenthal, was willing to confess all he knows if his life should be spared.

**STUDY MISSIONS.**

Akron, O., May 27.—Foreign missions of the Evangelical Lutheran church will be reviewed at Thursday's session of the forty-seventh general synod in Trinity church here. The morning reports of the various missionary bodies will be received. The afternoon will be devoted to general business in relation to missions.

## DECLARE NEUTRALITY.

London, May 27.—Sweden, Norway and Denmark have sent to Italy, Germany and Austria, following their declarations of war, formal notification of the Scandinavian nations' determination to maintain strict neutrality.

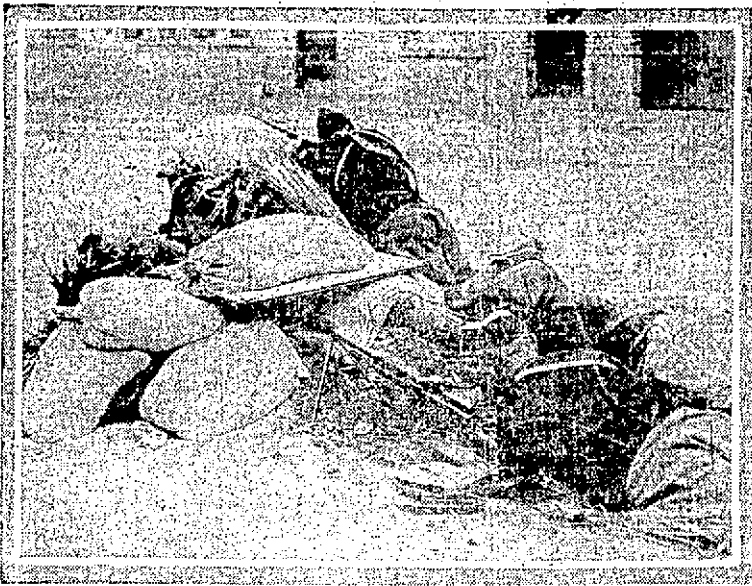

This is a picture of me in my soldier days. I'm printin' it 'show' some geek who was so meanly low down as t' insinuate that my claims t' havin' seen service in t' ranks and trenches was all 'fake.' How'd I ever a' got this picture took if I'd never been a soldier—answer that will you? Here's for tomorrow: Ohio—Fair in north; unsettled and warmer in south portion tonight; Friday, warmer and probably fair.

## "HER BURIED PAST"

## SCENES FROM EUROPEAN WAR SHOWN AT COLUMBIA TONIGHT

Bearing the endorsement of the German Consuls, scenes of the European war will be shown at the Columbia theatre tonight. These pictures were shown at the Grand in Cincinnati and made a remarkable impression, owing to the vivid portrayal of actual scenes in the war. They are genuine scenes of the terrible war now taking place in Europe.

Throughout the entire 1,000 feet of these pictures Lieutenant Red-riques, of the Dutch army, will lecture and graphically describe all the many interesting scenes, and every person attending the Columbia today will certainly be well repaid.

which is disgraced with the girl's. This is a good interesting picture and one that is sure to please, played by Elmer Clifton, Alfrano Cooper and Tom Wilson. The third is "The Actor and the Rubie", a comedy. The fourth is entitled "The Problem" played by Ed Coxen and Winnie Greenwood.

## Strand Theatre

By special arrangement with the great Pathe company, the Strand will run one of their world-renowned films each Thursday for a number of weeks. For tonight one of Pathe's greatest multiple reel productions, "The Reckoning," will be shown. It is a story of a fearful plot, a thrilling, gripping, absorbing melodrama with a just retribution. Replete with stirring action it will hold your interest to the last.

Another picture, a Victor drama, featuring Harry Myers and Rosemary Theby, will be shown. See this real play. This big play of Gypsy love; you will enjoy every moment of this play and will forget that it is only a picture you are seeing.

## Five Big Reels At Arcana Theatre Tonight

Talk about your big shows in the motion picture world—glance at the program for the Arcana theatre tonight! Really, the attractions offered by Manager Potts for tonight were never equaled in this part of the country for the small price of five cents. First will be the thirteenth episode of the "Master Key," a strong western production that has taken the city by storm. Those who have been following this wonderful attraction say it is the best production ever produced on canvas. Each episode is complete in itself and so thrilling that you cannot afford to miss it. The second feature will be a two reel Big U, entitled "Cameo Ring." This is a soul stirring drama, where intrigue and hatred are finally overpowered by right and love. It is a sensational play and has been one of the greatest successes of the Big U Film company. Two reels and not a dull moment in the two thousand feet. The last will be a one reel comedy

er bluff you. There are plenty of covered seats. Admission is ten cents for adults and five cents for children.

## At The Scenic

Alice Hollister, Anna Nilsson and Harry Hillard assisted by a picked cast of Kalem players in the wonderful Kalem three-reel production "The Siren's Reign," is the headliner at the Scenic tonight. It is a drama of intense emotions that will appeal to all. The fourth reel is a Selig western comedy called "Bill Haywood, Producer." It is a comedy taken off on the production of western pictures as they are made in studios of the film manufacturers that will prove a sure cure for the blues. Tom Mix is featured in this splendid farce comedy. Tomorrow's feature will be the big Lubin two-reel drama entitled "A War Baby."

## 5c At Temple Theatre

The title of our two reel feature is "A Man for all That", an excellent Elmer Clifton, out of prison with the \$5.00 given him upon his discharge helps a wayward boy. The daughter falls in love with the new comer, the ex-convict unwilling to couple his name

## WEAK, AILING CHILD

Made Strong By Delicious Vinol  
Lakewood, N. H.—"Our little girl 8 years of age was in a debilitated, run-down condition and had a stubborn cough so she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased and she is strong and well, and I wish other parents of weak, delicate children would try Vinol."—Geo. A. Collins.

This is because Vinol contains the tissue building, strengthening cod liver elements and the tonic iron which a weak and run-down system needs.

entitled "The Supreme Impulse," a birth producing play that will put everybody in uproariously good humor.

The big bill tonight is bound to draw capacity houses. The Arcana is furnishing the playgoers with great attractions and the array of patrons is being recruited rapidly. Be an Arcana booster. Remember you have all the comforts of a high class theatre for the Arcana has been completely remodeled and is now one of the neatest picture houses in this section of the state. The admission is always the same, 5 cents.

## Wagon Case Decided.

A jury in Squire Byron's court Thursday morning decided that the horse and ice cream wagon levied upon by Sheriff Smith, to satisfy a judgment secured in common pleas court by Geo. Anderson from Geo. Fismist, of New Boston, really belonged to Geo. Lewis, of Cincinnati, and the sheriff was ordered to release the property. Fismist, it appeared, was using the property with Lewis' permission.

The case started in Squire Byron's court Wednesday afternoon, and was concluded Thursday morning. Johnson and Johnson represented Anderson, and Edward Daehler was Lewis' attorney.

## Father Appeals

To whom it may concern:

The article published in your paper regarding the case in mayor's court of Herman Clark charging Carroll Lodwick with taking a diamond ring from the home of Herman Clark with the intention of theft, naturally touches the tenderest spot in the heart of the boy's father and relatives and so I feel constrained to write these few lines, not in justification, suspicion or malice, but I wish the public to bear with me in this thought that my boy is innocent until proven guilty. The case is simply one of suspicion, and I have faith that the court will know the truth in the matter. As to Herman Clark and the other accusers, may they recover their lost property, is the sincere wish of Harry O. Lodwick, father of Carroll Lodwick.

## COMPLAIN OF FOUR GIRLS

## The Markets

## NEW YORK STOCKS

New York, May 27.—Very material advances chiefly in the Copper group were recorded at the outset of today's dealings in stocks. The rise in the metal shares which had its basis in prospective increased dividends, averaged a point or more. Air stocks, including Westinghouse, Crumple Steel and locomotive issues also made some gains. Reading was the only railroad investment stock to gain as much as a point. Local fractions, yesterday's strong feature, rose 1 to 1 1/2. Canadian Pacific made only slight response to its strength in the London market.

The market manifested more variable tendencies towards the end of the first hour, trading becoming dull and prices in numerous instances shading appreciably. There was another recovery from this movement under the leadership of United States Steel but fresh selling induced in part by a point decline in Canadian Pacific resulted in a second reversal. Renewal of liquidation in minor railways caused Rock Island to make a new low record, with further weakness in the debentures. Missouri Pacific fell a point on rumors affecting the note extension plan. Bonds were steady.

The Pacific group moved contrarily in the later dealings, Union Pacific and Southern Pacific falling back while Great Northern

and Northern Pacific advanced. The closing was firm.

Trading in stocks was again mainly professional and in conclusive. Coppers were the chief features.

lions in Iowa has had influence on corn. It was said the planted acreage in Iowa might be greatly reduced. Opening prices, which varied from 3/4 and 1/2 to 1 1/2 cents higher, were followed by an additional upturn.

Oats developed firmness with other cereals. Advances, however, were relatively small. Provisions took the same course as grain. An upturn in the hog market was a decided help.

A subsequent big break in quotations for May pulled down the prices for the rest of the list to some extent but the new crop months soon rallied. The close was steady 5/8 down to 1 up compared with last night.

A little reaction in corn which resulted from the setback in wheat was not of a lasting sort. The close was firm at 1 to 1 1/4 net advance.

## Some Points

There are some points about the "Savings Bank way" that are often overlooked.

You can always invest small, odd amounts at interest, and you can invest them at once.

You don't have to wait till you get an even hundred, or five hundred, as the case may be; you can earn compound interest while you are accumulating your investment fund.

Your interest return is certain, and can be added immediately to your principal and begin to earn more interest.

## FROSTS AND COLD DO MUCH DAMAGE

Washington, May 27.—Killing frosts throughout the lake region and the middle Atlantic states broke May weather records of many years last night and promise unseasonably cold weather for the next 24 hours. Reports to the weather bureau this morning report heavy damage to fruits and vegetables throughout the section, particularly in the interior of New York. In the parlance of the weather bureau experts, a strong high "area" over the lake region which are in the path of a storm from Canada are responsible for the early summer phenomena.

While ice was being formed on standing water and crops were frozen in the east, warm showers were playing over the Central valleys.

Columbus, O., May 27.—Although no reports have been received here of damage to fruit crops as a result of the frost last night in several parts of the state, weather bureau figures indicate that at certain places the minimum temperature was 31 degrees. The average minimum for 18 points within the state was 36 degrees. The lowest point reached in Columbus was 39 degrees about four o'clock this morning. Canton reported a minimum of 31, Norwalk 34 and several other cities 34, with light frosts. Slightly warmer weather is expected tonight and tomorrow.

Detroit, May 27.—Frost was reported in various places throughout the state early today. A high wind which prevailed during the night, however, is believed to have prevented serious damage to growing crops.

Pittsburgh, Pa., May 27.—The frost which visited western Pennsylvania last night did little if any damage to orchards and gardens because they were well advanced. The minimum temperature here was 39.6 degrees and after 8 o'clock this morning the thermometer showed a steady rise of 6 degrees an hour, 38 being registered at 8:30 o'clock.

Ogdensburg, N. Y., May 27.—Widespread damage is believed to have resulted from frost in this section last night. At 6 o'clock this morning the thermometer registered 34 degrees. The ground was frozen hard and the tender vegetation was blighted.

Watertown, N. Y., May 27.—A killing frost prevailed in this section last night doing great damage to gardens. The official thermometer touched 29. The loss is expected to amount to thousands of dollars.

Philadelphia, May 27.—The thermometer in this vicinity went as low as 44 degrees during the night. The weather bureau said this was a record for the low temperature on May 27. Unusually cold weather was general in Pennsylvania. The northeastern part of the state had a heavy frost. Hazleton reports that ice formed on the mountain tops.

Lockport, N. Y., May 27.—A killing white frost which put a coat of ice on standing water last night in this vicinity did severe damage to the strawberry crop and ruined upwards of five million tomato plants already set out.

Grapes were also affected. Early peaches had advanced sufficiently to withstand the cold. The damage to vegetables will reach half a million dollars in Niagara and Orleans counties. The thermometer registered 29 degrees.

Just as clucking as it sounds—Golden Sun Coffee. It makes the whole day brighter.

Prompt attention to repair work. Walters Plumbing Co., adv.

## WAR REDUCES NUMBER OF COAL MINERS

Pittsburgh, Pa., May 27.—Thousands of foreign-born miners have already left this district to join the colors, and if the exodus continues coal operators and union officials fear a shortage in labor. Van Bittner, president of the Pittsburgh district of the United Mine Workers of America, said last night that 7500 men, 15 per cent of the total mining population of the district, have gone home since the war started. He said these included many Slav miners, and now that Italy has entered the war, many Italian miners will follow. Operators estimate that between 2,500 and 3,000 men will leave this district within a few weeks for Europe.

## COUNSEL COMPLETES FRANK'S LAST PLEA

Atlanta, Ga., May 27.—Counsel for Leo M. Frank today practically completed the brief they will present to the Georgia Prison commission when the hearing on Frank's petition for commutation of his death sentence to life imprisonment is opened before that body here Monday.

The attorneys said the brief would embody a minute chronology of the case from the discovery of the murder of Mary Phagan April 27, 1913, and would assign these three basic reasons for Frank's appeal:

## DANGER OF FLOODS IN MISSOURI OVER

Kansas City, Mo., May 27.—All local streams were receding today and it was believed danger of floods in the low sections of the city had passed. Residents living along Turkey Creek who abandoned their homes last night when an overflow was feared were moving back today.

Reports from a number of points in Kansas and Missouri continued to tell of high water and heavy rains. As a result, trains reaching Kansas City from the affected districts, especially southern Kansas, were several hours late.

## BATTLERS LOSE MANY, GO BACK TO TRENCHES

London, May 27.—Notwithstanding the superb weather, commanders in the western arena of hostilities realizing the terrible losses even insignificant advances entails have reverted, generally speaking, to the trench warfare of the winter and it is Galicia in the east, the Dardanelles and perhaps the Italian-Austrian frontier which are most likely to furnish spectacular developments during the next fortnight.

The Russians at last have admitted the extent of their retreat from the Danube to the San and while they profess that the Austro-German rush has been held up and that Przemyśl is in no danger they pay tribute to the impetuosity and spirit of the advance of their antagonists at the same time that they laud the smoothness of the Russian retirement which they are calling as masterly as that of the allies from Mons.

Out of breath after their eastward sprint, the Germans and Austrians are now bringing up reinforcements and fresh ammunition and another great battle will be fought to determine whether the new lines to which the Russians have fallen back are tenable.

According to the Germans the encircling of Przemyśl is progressing in that they have forced another crossing at the river San only eleven miles north of the fortress and extended considerably their line east of this river.

Italy and Austria are now engaged in the familiar roles of issuing contradictory official communications relative to the border fighting, but it is claimed that there have been as yet no important engagements. Of the 250 miles of common frontier between Italy and Austria, it is estimated that only one-fifth is of a character for critical military operations, and Italy's forces now in the field are falling to course dictated by geographical necessity, one army driving toward the river Isonzo and Trieste and the other into the Tyrol where the rough country precludes any de-

## ENGINEERS CONTINUE MEETING

Cleveland, May 27.—While most of the important business before the triennial convention of the Brotherhood of Locomotive Engineers in session here has been completed it was expected that the sessions continue into next week, in order to clear up minor matters. Newly elected officers were installed today by Grand Chief Warron S. Stone. Cleveland has been decided upon as the permanent convention city.

### Goodbye Homer Smith

About one hundred people attended the Homer Smith boat excursion Wednesday evening, the last excursion that will be given by the boat management in this city this summer. The boat is under charter to carry excursions out of Louisville, Ky., for forty-five successive days, beginning next Monday.

## PRESIDENT WAITS FOR MORE NEWS

(Continued From Page One) rifle explosion, bursting hatches and throwing hatch beams, cargo derricks and twisted iron into air, filling lower hold forward completely with water. Crew immediately took to boats.

"After standing by ship one hour returned on board and at 10:30 started for Liverpool. About 1:25 a. m. met two vessels sent by British admiralty in answer to our wireless calls. One has been in attendance ever since."

"It was dusk when the explosion occurred. Flg had been hauled down five minutes before. Steamer's name painted on both sides of the ship in letters six feet tall. Had no warning and saw nothing."

Ambassador Page sent the following message:

"Admiralty have reported at Queenstown that Nebraska is now on her way to Liverpool under her own steam and is being escorted. I am sending naval attaché to Liverpool to examine the ship which it now appears, was outward bound from Liverpool to Delaware Breakwater when she was torpedoed."

The message from consul Frost said the ship had "struck a mine or torpedo," but gave no details.

As soon as the dispatches were received at the state department they were sent immediately to President Wilson. As they did not make it certain whether the steamer had been hit by a mine or torpedo, they left unanswered the principal point that the president and his advisers want made clear. They expect further reports from the attaché. Pending receipt of clearer explanations no action will be taken.

The American-Hawaiian Steamship company, owners of the Nebraska, received cable advices today, it was announced in New York, stating the Nebraska had passed Queenstown at a speed of eight knots and was due to reach Liverpool tonight. A British admiralty boat the advices said, was convoying the Nebraska. Officers and crew of the steamer presumably were at their posts aboard. The message was not from Captain Green, a captain of the line said, but was from the line's British connection. No word has been received from Captain Green since his brief message of yesterday announcing that the Nebraska had either hit a mine or been struck by a torpedo.

It was thought that Captain Green would cable fuller details on his arrival at Liverpool. Whether it was a mine or torpedo that crippled the steamer was not disclosed in New York today. On the line's behalf it was said that this point probably would not be determined until the vessel had been placed in drydock at Liverpool. The line's officials here, it was said, had made no arrangements to drydock the ship, having left the entire matter with the Nebraska's repair and determine the nature of her injury to their British representative.

## Ladies Of Maccabees Adopts New Name

New York, May 27.—The Ladies' of Maccabees of the World changed their name in convention here today to the Woman's Benefit Association of the Maccabees, received the refusal of their supreme commander, Miss Blina M. West, to accept an increase in salary to \$10,000 a year, considered a resolution recommending the espousal of woman suffrage by their 187,000 members and voted to proceed with the construction of a new home office building.

This office building will be located in Port Huron, Michigan, and will cost \$150,000, the sum to be raised from revenues from property already owned by the organization. In refusing to accept \$10,000 a year Miss West told the delegates that her greatest remuneration was the pleasure she derived in working for the association.

## Taft Talks To Manufacturers

New York, May 27.—Former President William H. Taft, in an address last night at the annual banquet of the National Association of Manufacturers.

tion of Manufacturers, severely criticized the Clayton act and the Federal Trade commission act as "destructive to the business interests of the country," and denounced the leaders of the American Federation of Labor expressing "a power that has become excessive and detrimental to public weal and the good of society."

Prof. Taft was co-speaker with Senator Warren G. Harding of Ohio, who declared that "the greatest menace of American progress is the professional bawling of big enterprises."

## Mishap—Misuse The Only Clouds That Ever Dim The Glory of Fortified Tires

Goodyear tires, like other tires, meet with ill-luck at times. No doubt some men are judging them by some such rare exception.

To them we say this: Remember that men have tested nearly five million Goodyear tires. The tests have covered 15 years. Long ago those tests placed Goodyears at the top, and they've kept there ever since.

Last year men bought about one Goodyear tire for every car in use. Doesn't that show that men in general have proved these tires the best?

### In Five Ways

Goodyear Fortified Tires have five exclusive features. We spend on them millions of dol-

lars to reduce your tire upkeep and trouble.

One combats rim-cuts, one blowouts, one loose trends. One makes the tire secure. And one combats punctures and skidding by our double-thick All-Weather tread.

In those ways, at least, Fortified Tires excel all others.

### Lower Prices

Now these super-tires offer still greater value. On Feb. 1st we made another big price reduction. That's the third in two years, totaling 45 per cent.

We do you a kindness when we urge you to try them.

They mean to you the utmost in a tire. They mean content. Any dealer will supply you.

Miss Small's Room Complimented

## SCHOOL EXHIBITION IS ATTRACTING VISITORS

Miss Louise Small, teacher, and pupils of grade Six A of Bond street, were highly complimented on all sides Thursday for the exhibit of school work in that room. Thursday was visitors' day in the fifth and sixth grades of all buildings. Supt. Frank Appel made the rounds of all the fifth and sixth grades, looking over the exhibits, and after viewing the one in Miss Small's room, pronounced it the best of all sixth grades and of all grades from the first up to the sixth that he had visited.

Friday will be visitors' day in the seventh and eighth grades.

The pupils in Miss Small's room, who range in ages from eleven to fifteen years, are elated over Prof. Appel's choice of the best exhibit. Mothers of the pupils crowded the room all afternoon closely viewing the work and passing many compliments. The blackboards are entirely covered with the papers and paintings. The work of the young girls drew attention first. They have complete dresses for girls of their age, and also dust caps, aprons, funny work and table covers. The work of the boys could not pass unobserved. Such articles as key-holders, match-strikers, coat-hangers and bread-boards on exhibition were made in the manual training department.

The collection of butterfly specimens by Howard Frowine and William Purcell would take prizes at any exhibition. A product map of North America, South America, Europe, Asia, Africa and Australia is the work of Henry Maupin and William Purcell.

The war stories, written by every pupil in the room, are read by the colors with interest. The majority of the writers took sides with the Allies. The drawing book of Miss Leizer contains paintings of a number of kinds of flowers done in color. The paintings are exceptionally good.

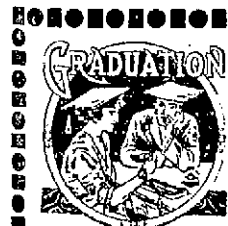

The papers that are to be sent to the state school exhibit were also posted for examination by visitors.

## Dog Saves Master From Angry Bull

Joseph Burgraff, a well known Rastown farmer, had a narrow escape from being gored to death by a neighbor's bull Wednesday.

Some of Mr. Burgraff's cattle had broken out and he hastened to chase them back and when the bull came upon the scene he tried to head it off. The beast charged him, going for him on the leg. But for his faithful Shepherd dog, which fought off the infuriated bull, he probably would have been killed. He is laid up as the result of his injury.

### Last Pile Driven

The last concrete piling for the abutment at the west end of the new county bridge was driven by the A. J. Martin company's forces Thursday. The third section of the Mt. A poodle dog belonging to the Elssesser family, of 2317 Grant street, which a few days ago had bitten a child of Dr. Cheney, of Sardinia, O., died of peritonitis at Dr. Gill's veterinary hospital Thursday. It was at first feared that the dog had developed rabies. It had formed a habit of biting at children's feet.

### Will Let Contract

Assistant Postmaster D. E. Thomas will tonight award a contract to Albert Brooks for the erection of two modern eight-room houses that will be built on Sixth street, on what was for years known as the Nichols property.

## JURORS MUST TELL WAR SYMPATHIES

Cincinnati, May 27.—Jurors in the criminal court will have to make known their war sympathies when the trial of Michael Raphael Di Cicco, charged with murder, is begun before Judge May. It was learned today attorneys who represent Di Cicco will agree to the jury which will try his case, only after each juror has made plain to him how he feels about the present European struggle.

Di Cicco is an Italian, and according to his attorneys it would be detrimental to his case to have a man whose sympathies lay with the Teutonic allies on the jury. Di Cicco, was recently indicted by the grand jury on the charge of killing a countryman, Paolo Chiastri. He will plead self defense.

Columbus, Ohio, May 27.—That steps will be taken immediately to frustrate an attempt on the part of officials of the University of Michigan to have the proposed monument to Henry Miller, (Mueller), a famous Ohio dentist and scientist, unveiled at Ann Arbor instead of Ohio State University was announced today by Senator Erasmus G. Lloyd and other alumni of the Ohio State. Miller was born in Johnstown, Licking county, Ohio, and after receiving his medical education in Ohio, went to Berlin to take post-graduate and research work in dental and medical courses. Here he attracted much attention from the German scientists by his unusual ability and success in research and he was persuaded to accept a professorship at Berlin University. He died a few years ago and dentists from all parts of the United States have banded together to erect an appropriate monument to his memory. It is proposed to unveil the monument in the foyer of the new medical building at Ohio State University.

## CRIPPLED LINER SAFE IN PORT, ALL SAVED

New York, May 27.—The Holland American liner Ryndam was safe in port here with passengers and crew once more on board after a collision and a narrow escape from destruction early Wednesday morning off Nantuxet. Sheals lightship. The Norwegian freighter, Joseph J. Cunco, which rammed the Ryndam, struck the foremast, was crippled in with ten feet of her hull crumpled by the impact.

Four transfers, two at sea and two in New York harbor, left 42 of the 74 passengers who sailed from New York on the Ryndam Tuesday afternoon, back again aboard the Dutch liner. These passengers and 150 members of the Ryndam's crew were taken aboard by the Cunco at 4:30 o'clock Wednesday morning, half an hour after the two steamers collided. At 6:30 a. m. the Cunco transferred the rescued passengers and seamen to the United States battleship South Carolina, which distanced three other battleships of the Atlantic fleet in a race started by the call for help from the helpless Ryndam. The South Carolina brought the shipwrecked company to this port, and transferred them at 1:30 a. m. today to the steamer Thomas J. Millard off Thompsonville. Staten Island.

Meanwhile the Ryndam, with fifty of her crew still aboard, came in under convoy of the battleship Texas and anchored in the harbor off South Brooklyn. There she received all but a dozen of the passengers and the rest of her crew from the Millard. This last transfer was made at 2 a. m. and later in the morning the disabled steamer started up the river to her dock in Hoboken. The twelve passengers who stayed on the Millard were landed at Hoboken early in the day. The Holland-American line intends to forward all the passengers who wish to go to Rotterdam on their steamship Rotterdam, due to sail Tuesday.

Aided by a rising tide the Ryndam made her pier shortly before seven o'clock. The Joseph J. Cunco steamed slowly into port, a cripple, an hour after the Ryndam docked. There was no mistaking that the little steamer had been in a collision. Her bow was smashed, her plates crumpled, bent to port and forced back till both anchors were jammed in the bows and she was down by the head where the sea had rushed in the fore-penk. Otherwise, her captain pointed out, she was all right, her engines and machinery being undamaged.

"What can I say," inquired Captain Amodi, when asked for a statement.

"I am glad no lives were lost and nobody was hurt."  
The Cunco will be repaired here.

Eoy Hurt.  
Walter, five-year-old son of Attorney and Mrs. H. C. Thurmond, of Vanceburg, tripped and fell on the sidewalk in front of his home and a gash four inches long was inflicted on the forehead. The frontal bone was exposed, according to word relatives received here Thursday.

Horse Ran Away  
A horse belonging to the D. L. Webb Lumber Company ran away on Kendall avenue late Thursday afternoon. No one was hurt.

Tokio, May 27.—Reports of serious rioting in the northern part of the Malay peninsula have been brought here by steamer from Nagasaki. The uprisings are said to have been started as a protest against taxation.

It is reported that a force of 3,000 rebels repulsed a punitive expedition and pillaged villages and towns, murdering many white residents. The British administrator has advised white women to take refuge in Siam.

## OBITUARY

Henry Labold

Almost without warning the final summons came to one of the city's oldest and most highly regarded citizens when at 2:30 Thursday afternoon death claimed Henry Labold. He passed away at the family residence, 622 Fourth street.

Seized with a chill shortly after eating dinner at the usual hour with his family, Mr. Labold walked to his bedroom to lie down for a short while. Death lurked in what was supposed to be a little nap as Mr. Labold with startling suddenness developed congestion of the lungs and a few moments after Dr. R. O. LeBaron arrived Mr. Labold passed peacefully away. While not in the best of health the past few days because of a slight cold, his condition was not considered dangerous despite his remarkable age. Mr. Labold insisted that his illness was slight in nature and with characteristic energy he mingled with his family as usual today. Shortly after the noon hour he suffered a slight sinking spell. It was then that Mr. Labold retired to his room and his death ensued a short time later.

Mr. Labold was born in Windenbach, Bavaria, Germany, and came to this country when 19 years of age. He was formerly engaged in the clothing business in Covington and Cincinnati. For ten years he conducted a ladies' ready-to-wear store on Second street near Washington. He had led a retired life since he was 70 years old.

Mr. Labold in addition to his faithful wife, Mrs. Fannie Labold, leaves six children as follows: Simon Labold, well known cashier of the First National bank; Misses Esther and Rose Labold at home; Mrs. Felix Thas, Daniel Labold, all of this city, and Mrs. Emil Longini of Cincinnati.

He also leaves one sister, Mrs. Mollie Lappman of Mayence, Germany.

Mr. Labold celebrated his 82nd birthday on January 15, 1915. At that time he was hale and hearty despite his age and, apparently would live six or eight years more, but during the past few weeks his family had noticed a steady decline in his health and he was gradually growing very feeble. However, he refused to take to his bed and insisted that he was afflicted with a slight cold, which would soon pass away.

Mr. Labold had been a highly honored and esteemed resident of this city for many years. He always evinced an active interest in civic affairs and was in every way a splendid, straight forward citizen. He was ever ready to assist one worthy of need and had performed many acts of charity in his long and useful career.

Mr. Labold was strictly a home man and his happiest moments came when he was surrounded by his large and interesting family. He was a remarkably well preserved man for his age and the news of his death will come as a surprise to his wide circle of friends as few of them were aware of his illness.

Mr. Labold was a life long member of the Jewish Temple. Pending the arrival of relatives no arrangements have been made for the funeral.

The family requests that no flowers be sent to the home.

Martha Alice Weaver  
Martha Alice Weaver, wife of Derbarn Weaver of Lyra, died at 4 o'clock Thursday morning at her home after a two years illness of tuberculosis. She was born April 25, 1870, being over 40 years of age at time of death. She was a member of the Lyra Free Will Baptist church. Besides her husband she leaves six children: Egbert, Earl, Elmer, Doris, Helen and Florence, her mother, Mrs. Raxie Clayton of Lyra, one sister, Miss Anna Clayton, of Lyra, two brothers, Lafayette of Lyra and George of Columbus.

The funeral will be held Saturday at 11 o'clock from Vernon church with Rev. Frank Delauter in charge. Interment in Vernon cemetery.

Sebastian Delabar  
Undertaker Frank McCurdy and Will Delabar of Wheelersburg, returned late Thursday with the remains of Sebastian Delabar who died in Sandusky, O., Wednesday. The funeral will be held Friday at 10 o'clock from Chaplains church on Pine Creek with Rev. Greene Willis in charge. The deceased is survived by his wife Rachel, two sons Louis and

Will of Wheelersburg, one brother, William of Washington, D. C. and two sisters, Mrs. John Hadner of Wheelersburg and Mrs. Schuchleiter of Ironton.

### Peter Rothamire

Peter Rothamire, aged 75 years, a farmer, died at his home on Upper Twin Creek in Nile township, Wednesday night. Mr. Rothamire injured his hand about a year ago developing blood poisoning from which he never fully recovered. He is survived by a son and daughter, Charles and Elizabeth Rothamire. His wife died ten years ago. The remains will be buried in the Morrison graveyard Friday afternoon at 3 o'clock.

### John M. Williams Funeral

The funeral of the late John M. Williams, prominent local contractor, who was killed in a collision with a street car near the corner of Ninth and John streets Tuesday afternoon, will be held Friday morning at the late home of the deceased at 1115 Ninth street at 9:30 o'clock. The services will be in charge of Rev. T. H. McAfee and Rev. J. W. Dillon. The municipal offices will be closed during the hours of the funeral, and the officials and the clerks will attend the services. The K. of P.'s and the G. A. R. will exemplify their ritualistic services for the dead. Interment will be in Greenlawn.

### Hornung Funeral

The funeral of J. Wesley Hornung, popular East End citizen and well-known local ball player, who passed away at his home on East Eighth street Tuesday morning at 2:15 o'clock following a lingering illness of tuberculosis, was held from his home Thursday afternoon at 3 o'clock, conducted by Rev. Dillon and Marting. The last sad rites were largely attended, attending in a measure to the high regard in which Mr. Hornung was held by the citizens of Portsmouth. The floral tributes were many and profuse. The pallbearers were Earl Reinhard, Geo. Evans, Leo Startzman, D. J. Webb, Jr., Carl Russ and Chester Riggles.

### Mrs. Bertha Nichols

Mrs. Bertha Nichols, 26, wife of Edward Nichols, of Fullerton, died at the home of her mother, Mrs. Emily Rice, at Fullerton, this morning, a victim of tuberculosis, with which she had been afflicted for some time.

She is survived by a husband, two small children Clyde and Emma Irene, a father David Boggs, a mother Mrs. Emily Rice, three brothers, Estill, Lennie and Roy Boggs, four sisters, Mrs. Mary Williams, Pearl, Boggs, Mrs. Cynthia Lyons and Viola Rice.

Funeral services will be held at the Fullerton Christian church Friday morning at 10 o'clock in charge of Rev. Bush. Burial services will be held at Sileam, Ky., Friday afternoon, where interment will take place.

### Mrs. Newton Harr

Mrs. Newton Harr, 40, of Sunshin, Ky., passed away at her home Wednesday afternoon after a long illness with stomach trouble. She leaves a husband, three children, and several other relatives to mourn her loss. The body was taken Thursday morning to Liberty, Ky., where funeral services will be held Friday.

be able to adjust matters to the satisfaction of all concerned. Life's too short to hold a grudge against any one.

Miss Dolly Wise.—Please tell me the number of miles from Portsmouth to Oskosh, Nebraska?

I don't know, but if I ever get time I'll take a yard stick and measure the distance. However, if you want to find out right away call up the N. & W. or C. & O. ticket office.

Dear Dolly.—My head is full of dandruff and my hair is falling out. Kindly give me a remedy.

For dandruff and falling hair I can only repeat remedies that have appeared in this column from time to time. Here they are: Boracic, one dram; lavender water, 2-3 ounces. Mix and massage into the scalp every other night. Here is another dandruff cure: Five cents worth of gum camphor and five cents worth of borax dissolved in a quart of rain water. Dilute it one-half when used. Saturate the scalp thoroughly and rinse well. One or two applications are usually sufficient. Here is the third and last remedy. To an ounce of sulphur add a quart of soft water and during intervals of several days agitate the mixture repeatedly in a few weeks every trace of the dandruff will have disappeared. The hair will become soft and glossy and there will be no return of the old trouble. For falling hair, massage the scalp daily, dipping the fingers every other night into vasoline, olive oil or castor oil. Put a handful of salt into the rinse water when washing the hair. Dry salt rubbed into the hair is also good.

P. S.—Clip these out and save for future use so I won't have to print so often.

Dear Dolly.—How should a 15-year-old girl wear her hair?

Wear it whichever way is most becoming. Blue Eyes. In one or two braids and fastened about

half way down with a barrette would be pretty. You could divide it on top and tie with a large ribbon bow. Notice how other girls your age wear their hair and you can get an idea how to arrange yours.

Dear Dolly.—We are two girls, Mary and Anna, and go with two boys whom we do not care much about, yet we hate to turn them down as we have known them all our lives. They are both very nice boys and have proposed to us. Please tell us what to do. We are both poor, hard working girls, and think we can't do any better, and please tell us some things cocoa butter is good for. Is it good to develop the neck and shoulders? We have heard it was.

MARY AND ANNA.

## SOCIETY

Mrs. Daniel Albert Berndt gave the second of a series of beautiful parties this afternoon at her pretty home on Gallia avenue, where she entertained a large number of friends with a Kensington. The rooms were exquisitely adorned with roses, peonies and snapdragons, pink and white being the attractive color scheme. The refreshments were served in the dining-room, where the table was beautiful with a French basket of pink peonies. The mantle was also adorned with lovely spring flowers in pink and white. Mrs. Berndt was assisted by Misses Marjorie Pursell, Gertrude Schmidt, Hazel Drew and Little Misses Gladys Selby and Dorothy Berndt. Mrs. Nora Franklin, of Pittsburgh, Pa., guest of Mrs. Wells A. Hutchins, and Mrs. John Dunningham Owen (Persis Pursell) of Lynchburg, Va., were out-of-town guests. The invited guests were: Mesdames Watkins Kearns, J. L. Wutkins, George Osborn, Mark W. Mr. and Mrs. D. W. Jewell and two children, Tifford and Lois, and her sister, Mrs. Fannie Kasper, of Eleventh street, will spend Decoration Day at Ironton.

Mrs. Charles Ashley and daughter, Miss Daisy, of Springfield, O., are guests of Mrs. W. Cunningham of Sciotoville.

Mrs. Frank McDowell, of 1204 Twelfth street, will leave Saturday for Vancouver, Ky., to spend Decoration Day.

The little daughter recently born to Mr. and Mrs. Floyd Shenkwyler, of Robinson avenue, has been named Leila Mae.

If you don't care for the boys don't go with them. You could probably get another beau if you didn't have a steady. Cocoa butter is supposed to be a flesh builder, but you will have to use it a long time before you can notice any improvement in your neck and shoulders. Would advise you to take deep breathing exercises instead, or in addition to your cocoa massage.

Dear Dolly.—What is the meaning of stamps when they are put on upside down and crosswise? BLACK EYES.

The answer to this is published here to take care of the number of such queries that have come to this office recently. I know nothing of a stamp flirtation. No doubt some silly minded person has invented some such mode of saying the empty things that his pen won't allow him to write. I hope no one in the future will ask me concerning this stamp flirtation or I shall be compelled to say what my mind thinks about people who are interested in such a brainless study as "stamp flirtation."

Class Number 3 of the Grandview Avenue Christian Bible school will give an ice cream and cake social Friday, May 28th, at the church.

Mrs. Norma Stewart gave a Kensington last evening at her home in Sciotoville for the benefit of the A. T. Fresh Air Camp. This afternoon Mrs. Willard Bailey, of Sciotoville, gave a Kensington also for the benefit of the Fresh Air Camp.

Mr. and Mrs. Samuel M. Johnson will go to Connorsville, Ind., tomorrow to be present at the celebration of the 80th birthday anniversary of Mrs. Johnson's mother, Mrs. Caroline Heron, which takes place tomorrow. Mrs. Frank Ansted (Leah Heron) grand-daughter of Mrs. Heron, will have a surprise dinner. Mrs. Johnson's mother does not know they are coming, and will not know it until she goes to Mrs. Ansted's home for dinner.

Mrs. Alice Clough had as guests at dinner Tuesday evening Mrs. and Mrs. E. J. Menahan, of Cincinnati, and Dr. and Mrs. W. E. Gault.

The Country Club will be entertained tomorrow (Friday) afternoon at the home of Mrs. Earl Lawson, on Second street.

Mrs. E. Ainger Poßall will entertain the Tuesday Afternoon Sewing Club next Tuesday afternoon at her home on Court street.

Mrs. J. B. Justice, of Ironton, returned home Tuesday after a visit with her daughter, Mrs. Gus Moran of 1164 Twelfth street.

The Misses Martha and Bessie McMeans, of Beechy, Ky., have returned home after a short visit with their sister, Mrs. Lela Chaffins, of 1207 Twelfth street.

The Aid Society of the First Presbyterian church will entertain with a Kensington for all the women of the congregation Tuesday afternoon, June 1st, at the church. Every woman is asked to earn a dollar, bring it to this meeting and tell her experience in earning it. The committee in charge are Mesdames Augustus Pusateri, Etta Matthews, F. L. Johnson, Frank Matthews, George Cross, F. L. Manning, Misses Margaret Miller and Florence Richardson.

Class Number 10 of the Hutchins Street Baptist church met Tuesday evening at the home of Mrs. Floyd Lawson, on Grant street, where there were twenty-eight members present. After the business a social hour was enjoyed and dainty refreshments were served.

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap, and heat soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## How Gold Dust actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent. It actually works. It gets into the corners and crevices where fingers and washcloths can't reach. It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Gold Dust does all this—does this actual work—because it is made for that purpose. Millions of women all over the country use Gold Dust three times a day in washing dishes. They use it also for scrubbing floors, washing windows, etc.

But they do not realize all the uses of Gold Dust. Gold Dust is the only washing and cleaning powder needed in any home.

Gold Dust cleans metal work, nickel, enameled ware, etc., without scratching or marring the surface—leaving it sanitariously clean, bright and new-looking.

The use of Gold Dust is an economy. There can be no waste when you use the exact small quantity required for each specific purpose. It is at once taken up by hot or cold water, forming the perfect cleansing solution.

No soap or other cleansing help is needed. Gold Dust does it all, and Gold Dust does its work far better than anything else can.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, cleaning oil mops, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—for every cleaning and brightening purpose.

Gold Dust is as inexpensive as it is indispensable.

## "Me for 'GETS-IT' When I Have Corns"

Simple As Saying It; Never Fails

It does your heart good to see how easily and quickly any corn comes out when you put "GETS-IT" on! And then when you've gone along for years try-

ing everything, when you've sat up nights wrapping on salves, that rub off or swell up the corn, passing on cotton plasters that make corns run-py, sloughing your toes with nippers, jabbing them with knives and prunings to the quick with scissors—and then you put on 2 drops of "GETS-IT" and see your corn fall right off—why, it just looks like a miracle. Just try it. "GETS-IT" never fails. No pain, no trouble. Use it for any corn, callus, wart or bunions.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray or dry, scraggy and thin. Mixing the Sage Tea and Sulphur recipe of Grandma, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

# Water Lapping Borders Of Newly Planted Corn Land

The rise in the Ohio river forced a suspension of work on the government dam just below the city. The Sheridan-Kirk Contract Company had started to build a new coffer-dam, but had not yet commenced pouring concrete when water submerged the work.  
Low bottom land owners have been considerably alarmed for fear that the river would reach their newly planted corn, but, barring continued rain, it is not likely that

the water will reach the low ground. It takes a stage of from 26 to 28 ft. to entirely cover the low ground in the Soloto bottoms, and present indications are that the river will not go beyond the 23 ft. mark, unless, of course, there should be more rain.

Contractor Henry Huel assured Dr. Jos. Lake, director of public safety, Thursday morning, that there was no danger of the county temporary bridge going out.

## Ice Cream Social Tonight At Church

The ice cream and cake social, scheduled by the Loyal Beroens of the First Christian Bible school for tonight, and which was to have been held at the home of Miss Woolan, Eighth and John streets, has not been called off, despite the many pranks of the weather. The social will be held tonight at the church, and all holding tickets for the affair will govern themselves accordingly.

The cakes have been baked and the ice cream made, and if you want to enjoy the good things to eat, as well as whole-hearted fun and hospital-ity, attend the affair at the church. The price is but ten cents, and the only cheap thing about the social.

The First Christian church band will furnish music for the occasion, and good music will be assured to all who come.

## 62nd Anniversary Of Jr. O. U. A. M.

Portsmouth Council, Jr. O. U. A. M., will celebrate the 62nd anniversary of the founding of the order with an elaborate banquet and an entertaining program at the Council hall, Fifth and Chillicothe streets, this evening.

Details of the program are in charge of a committee, composed of C. B. Groniger, Irwin Bowser, and William Boyles, and they are keeping their secret until the time arrives.

## Sewing Circle With Much Whispering

Before the store arrives there is much to talk about. The comfort of the eyes, the softness of the material, the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend." It is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Irruptant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of moving sickness, absence of strain on the ligaments and a freedom from many other distresses.

You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradford Regulator Co., 401 Lamar Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is bristled of suggestions that all women will appreciate.

## Special Meeting

Notice is given all members and prospective members of S. of V. Auxiliary No. 26 of Vienna Camp, Sons of Veterans that a special called meeting for the enrollment and initiation of new members will convene at my home, Seventh and John streets, Friday evening, May 28, at 7:30 o'clock. All members of auxiliary are urged to attend. Members of Sons of Veterans and also G. A. R. comrades, cordially welcome at all our meetings.

## A PORTSMOUTH MAN'S EXPERIENCE

Results Tell The Tale

Can You Doubt the Evidence of This Portsmouth Citizen? You Can Verify Portsmouth Endorsement. Read This:

W. E. Garrison, 2105 Seventh St., Portsmouth, says: "The first symptom of kidney trouble in my case was backache. I had great difficulty in getting any sleep as the pain in my back was so severe. My kidneys acted so often and the kidney secretions burned in passage and were scanty. I often had such bad dizzy spells that I would have fallen, if I hadn't put my hand on a chair to steady myself. I finally read of some one else using Doan's Kidney Pills and I got a box at E. J. E. & Streich's Pharmacy. The first few doses helped me and after finishing one box, I felt like a different man. Since then, when I have had any attacks of kidney complaint, due to colds, Doan's Kidney Pills have fixed me up in fine shape."

## Ankle Broken

Frank Wallace, 1209 Ninth street, is nursing a small fracture of the left ankle, the result of being struck by an automobile at the corner of Ninth and Waller streets last Sunday about noon. He was crossing Ninth street, and when opposite the Dr. Williams home, was struck by a car headed west, which threw him to the paved street. He wrenched his left leg severely in the fall, besides suffering a slight fracture of a bone in the ankle. The name of the driver of the car could not be learned.

## FRANCHISE IS GRANTED

The Ironton Register says: "The Ohio Valley Electric Light Company of this city was granted the franchise yesterday for furnishing lighting for Russell by the council of that place. A. L. Thuma, local superintendent, was present, also a bid was submitted by a Russell party, but Mr. Thuma was granted a twenty year franchise at his bid of \$22.50. The lighting system will be installed as soon as right of way is secured for erecting poles which will extend the line down from the high extension tower opposite the station in the south side. The electric power will be used in Russell for commercial and private use and not on the streets, for they are lighted by gas."

## Visited Here Over Sunday

F. C. Schiffer, postmaster of Shelby, O., and brother of Prof. J. V. Schiffer, who is sick, was visiting the latter over Sunday. Mr. Schiffer came in his auto via Columbus. On the party were also Al Schiffer, another brother, and Mrs. Sam Sutter, nee Schiffer, a sister of J. Schiffer, a son of the professor, and P. C. Schiffer, Jr., and wife, son of the postmaster. The whole party stayed with Chas. Harter, son-in-law of Prof. and Mrs. Schiffer, who are at present with Mr. Harter. Some ten years ago Prof. Schiffer was organist at St. Mary's Catholic church and director of a male chorus of 40 voices. Many Portsmouth people will remember the time when this singing society gave its concerts and entertainments at the old Wilhelm opera house. Also the grand celebration of the "German Day" in 1904. The visitors left this morning on their return trip home via Columbus and Mansfield.

## The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing mental perversion, a craving for alcohol or narcotics in later life. Involuntary nervous dyspepsia and lack of staying power are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decided, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

# Pumps Must Work Right Or City Will Purchase New Ones

W. W. Watson, the resident engineer of the J. E. Witmer company, of Buffalo, N. Y., has at the instance of city officials, taken prompt steps to relieve a delicate emergency that has just developed with Portsmouth's water supply system.

The bearings of the south low duty pump at the new pumping station went out Sunday, putting one of the two units of the plant entirely out of commission. As the reservoir has been drained to permit repairs to the floor which Curtis & Shawway are now engaged in, the city is being supplied by the north pumps and, should something happen to the bearings of that unit the city would have to fall back upon the old pumping station on Mill street. This is unable to furnish the required quantity of water at this season of the year without the assistance of the hobo pump which the John H. McGowan company, of Cincinnati, had loaned to the city and which has since been moved off the river bank.

Mr. Watson at once communicated with the McGowan company acquainting it with the true situation. The company assured him it would do all it could to relieve matters. A new bearing for the south pump has been shipped to Portsmouth.

The McGowan company's one year, which it is allowed for making its sub-division of the new work contract satisfactory, expires in September. The Witmer company recently served notice on the company unless the pumps operated perfectly ere long the city would advertise for new pumping machinery.

## MEASURED FOR UNIFORMS

About one-half of the members of Co. K., O. N. G., turned out at Kendall's hall Wednesday evening to be measured for new uniforms. The other half will have to be measured at a later date. Captain Smith requests that the members of the company pay attention to the notices inserted in the papers and respond promptly.

Captain Smith and Lieutenants Horehow and Williams expect to be called to Columbus soon to be given their commissions. Active drilling will not begin until the commissions are received.

# LOCAL TEAM HAS GRABBED WONDERFUL PITCHER

## Hubert Baldwin To Report Monday, Heralded As Wonder

Has Portsmouth picked up a real pitching find?

President Cableman and Manager Ches Spencer firmly believe this trick was turned when Hubert Baldwin of Bluefield, signed a Portsmouth Ohio State League team contract.

Baldwin, whose father is at the head of the great Baldwin detective agency, will arrive here Monday and he will pitch Tuesday's game against Frankfort.

And fans, when Portsmouth grabbed this promising youngster, it beat a man whom many consider the best fellow in baseball to Baldwin, no less personage than the famous Connie Mack.

According to advance notices Baldwin is a genuine diamond in the rough. He is only 19 years old, has a splendid assortment of curves and has acquired a thorough knowledge of the game. He has pitched some great games in and around Bluefield and the well posted fans of that city declare Baldwin to be one of the best pitchers who has ever performed in that locality.

A. R. Pittman, a special officer of the N. & W. notified President Cableman today that he would arrive here Monday and that Pitcher Baldwin would accompany him. He says that no less than four big league scouts and managers have vied to have this young phenom affix his signature to a contract.

## Have The Miracle Men Cracked?

Fans over in Boston are wondering what is the matter with the World's Champions, the Miracle Men, who by their diamond feats last year startled the baseball world.

Here it is with June just peeping around the corner and the Red Sox have not shown any of their last year's prowess.

Both Randolph and James the heroes of the famous four straight series from the Athletics have not shown so well and the team's hitting has been rather light.

Of course Johnny Evers has been on the bench. This undoubtedly has caused the Miracle Men to lose some of their aggressiveness. Evers with his temperament could not consistently play on a team that refused to display any aggressiveness. The agile, quick thinking chap is not built that way. But getting back to the poor showing of the Braves they have so far been a disappointment. Victories have not come to

the club with the pleasing regularity that the Beantown fans had anticipated.

Yes, the Boston fans are always wondering what is the matter with the Miracle Men. Their pitching has been rather sloppy and their fielding has not been as hard and sure as last year, but the one ray of hope lies in the fact that the team continues to ride the pill and may come back strong as last year. But Boston fans shun their heads gravely at this remark.

## Injecting Life Into Players Branch Rickey's Best Asset

When his two crack pitchers, Earl Hamilton, admittedly one of the classiest hurlers in the American league topped off the water wagon and was fined \$500, and later on, Pitcher Burns, who kicked over the traces and returned to his home in Huntington, did Manager Branch Rickey of the St. Louis Browns lose his nerve and become panicky? Not much! St. Louis county boys are not built along these fragile lines.

Well, what did Rickey do? Why, he called his players together, gave them a straight talk, explained what a win-loss in the mound city meant to each player as well as himself and to the club owners and the fan populace in general in St. Louis. The players listened, yes, attentively.

Rickey has treated them with all possible courtesy, his every act is that of a gentleman on or off the field. The players have known this from experience and Rickey with a second division club has at times had an awful handicap placed on his patience. But he did not lose his temper and "ride" his players. He corrected their faults as they occurred to him in the clubhouse and on the field.

What did they do? Why, since Hamilton and Baumgardner jumped the team the Browns have won 8 out of the last eight games and are in position to soon edge their way into the first division.

Rickey is an aggressive manager, a field leader who mixes judgment with tact. The combination will get results. Rickey works harder than any man on his club. He is always on the alert. He has always been a strong advocate

of the pat-on-the-back theory. He finds the results of using it far more satisfactory than to have a player out before the fans. This method is bearing fruit.

Without the services of the team's best pitchers and facing the well groomed and skilled Eastern teams, Rickey's rejuvenated team has come through with a fine string of victories and the fans of the Mound City are pulling for Rickey and his game team.

And fans this is all gratifying to the plucky little manager's legion of friends here. There isn't an angle of the game Rickey is not familiar with. Of course he makes mistakes. But he profits by them.

Down in old Soloto baseball enthusiasts are proud of the work Rickey is getting out of a supposed tall and aggressive that is minus the services of two great boxmen.

## The Cream Of Huntington's Duck Pin Artists Will Invade The City

Duck pins will topple over in great shape at the Play House allers Saturday night.

The Huntington team will play a return engagement it was announced Thursday by Manager George Wilhelm of the local five. A social session is to follow the rolling and the visitors will be shown a great time.

These Portsmouth-Huntington games are always hard fought and Huntington sends word down that it will bring the strongest team ever and the locals should get prepared to be swept off its feet.

"We will be there when the gang lags," said George Wilhelm last night and will uphold the city's enviable reputation for turning out consistent howlers and duck pin rollers. Huntington can bring all the ringers she wants to, we will give them one royal battle for the high score honors.

"POP" SMITH SOME FAN

While in Charleston the Portsmouth team will be quartered at the Bonanza hotel, which is managed by L. E. Smith.

"Pop" Smith. It is a great place for the fans to congregate as Smith is a 33rd degree fan and is always pulling for the Charleston Senators.

President Wm. Cableman announced Thursday that the postponed game with Lexington will be played off on Sunday July 4. This will give the fans a double bill on the Fourth before the day on which the Fourth will be celebrated and the two battles will so clever a team as the Colts should attract 2,000 fans to the park.

The postponed game with Ironton will be played off on Sunday June 16 when the Nallers play a Sabbath engagement in Millbrook. This pair of battles with our old enemy should also draw two monster crowds.

## Made Teams Play In Rain, Lexington Beat Charleston

Charleston, May 27.—Umpire Fred Long made the Senators and Lexington Colts play through nine innings of rain here Wednesday. The game was halted four times. In the fifth it looked as though serious trouble would result as Manager Beers refused to allow his men to hit at the ball.

When Umpire Long pulled out his watch Beers changed his mind and the game proceeded.

Umpire Long knew what to do all right when the rain came up in the last of the fifth inning just after the Senators had sent one man up to bat and he perished on a roller to Shaffer who was playing first base.

The rain was coming down in torrents and Manager Beers insisted that the game be called off. Beers ordered all the Senators to the bench and stepped on the plate. The umpire listened to the arguments for some time and then pulled out his watch and announced that he would wait awhile and see if the rain stopped. The visitors in the second inning had taken advantage of McLean's wildness and coupled with two doubles and a home run by Homer Cain, with the bases full, they had piled up five runs while the Senators could not put in a single tally. This looked like a victory for Beers.

If the game was stopped before two more local hitters had gone out, it would not count. After a twenty minute wait, however, the play had slipped away farther into the east and Umpire Long again called "batter up." This brought another protest from Beers but it was in vain.

Manager Guyn had rushed his players into the field and quickly two more Senators perished. So the game was recorded as a victory for the visitors.

## Cain Can Wallop Pill

Says the Charleston Gazette: Fans who are used to seeing Homer Cain play ball were not surprised when he hit the ball over the fence, with the bases crowded. Cain has a bad habit of breaking up ball games with such tricks as that.

## Experience To Come, Aggressiveness Here

Portsmouth has played 14 of the scheduled 16 games up to Wednesday. One resulted in a tie with Lexington and two games were not started because of rain.

At the get away the Spencerites defeated Chillicothe two games here in 10 and 2 to 1, 13 innings. Then the team hiked over to Balacon and secured an even break losing the opener 10 to 6 and winning the second one 5 to 2. The club then defeated Ironton three times out of four trials in Ironton, returned home and won and lost and tied one with Lexington and dropped two out of three to Ironton.

Supporters of the game here are satisfied with the way the team lines up. It has inherent strength and that delightful aggressiveness that what many games is in evidence all the time. Both Manager Spencer and President Cableman are satisfied with the even dozen willing athletes that will strive to uphold Portsmouth's baseball reputation this season. The boys will be out there out of four trials in Ironton, returned home and won and lost and tied one with Lexington and dropped two out of three to Ironton.

## Now For Comparisons

Portsmouth statisticians of the game will now be able to compare the playing strength of the Spencer aggregation with the players playing under the Senatorial banner at Charleston. They will also have a brace of four games beginning today and they should give the fans a fairly good idea of relative strength of each club.

Of course one or the other may get all the breaks, but this is hardly possible. The Senators have been getting good pitching, there chief trouble coming in a flooding way, errors being in evidence. Perhaps this is due to over anxiety on the part of these youngsters. Portsmouth always draws the fans to the Charleston park and no doubt flocks of them will gather there the next four days to see the revamped River City aggregation through critical glasses.

## WILL MARSANS JOIN REDS?

The rumor will not down but what Uncle Marsans will soon be converting to the Reds' outfit. Manager Herzog says he knows nothing about such a report, but Eastern sport writers claim they have an inside tip that Marsans will soon be dolled up in Red hose again.

## Rains Have Cost Clubs Big Money

Rain has certainly cut deeply and painfully into the receipts of many ball clubs during this month. There were but two games in the American league Wednesday, Detroit walloping Washington 10 to 5, and Chicago beat the Yankees.

Whenever the Reds hit the team loses about \$500 per day. It is estimated that the Cincinnati club has lost about \$3,500 on this present swing around the eastern wheel because of continued rains.

## SCHNEIDER LEADING

Here are the pitching records of the hurlers who are trying to keep the Reds from dropping into the dark recesses of the old cellar:

## BABES ARE CRIPPLED

(Chillicothe Gazette)

Although Chillicothe's team is badly crippled up with both Morrow and Zelen out of the game, nevertheless the boys have been winning some games. Manager Devore has almost entirely changed the line-up of his team, but it has not had much effect on their playing. This shows that we have a bunch of young fellows who can play wherever they are put.

Both Zelen and Morrow are in the city convalescing and it is hoped that both can be back in the game when the team comes home Decoration Day.

## Hayden Is Blue

Minneapolis, Minn., May 27.—Jack Hayden, deposed manager of the Louisville Colonels, was a crestfallen man when seen at the West Hotel today. He left on a late train for Louisville, where he hopes to be able to prevail upon Owner Wadden to allow him to remain in charge of the team.

"I just can't figure out this request for my resignation," said Hayden, "for only the other day Mr. Wadden wrote me a letter from which I learned that everything was perfectly satisfactory."

## Phils Cut Squad

Philadelphia, May 27.—Joseph Oscheger, pitcher for the Philadelphia Athletics, was released today to the Providence International League club. Ben Timpani, the Italian pitcher who has been on the disabled list, is almost ready for work again, and Manager Moran let Oscheger go in order to keep with the 21-player limit.

## Working Hard

By shifting his lineup again and introducing a phenom pitcher, Manager Dehannan managed to cap his first game of the season from Josh Devore's babes. Dehannan deserves to win. He has been working hard all season to give his city a good ball team. He has been receiving good support and with the winning of a few games to give his youngsters confidence, will be an important factor in the league.—Chillicothe News Advertiser.

## BASEBALL

President Wm. Cableman announced Thursday that the postponed game with Lexington will be played off on Sunday July 4. This will give the fans a double bill on the Fourth before the day on which the Fourth will be celebrated and the two battles will so clever a team as the Colts should attract 2,000 fans to the park.

The postponed game with Ironton will be played off on Sunday June 16 when the Nallers play a Sabbath engagement in Millbrook. This pair of battles with our old enemy should also draw two monster crowds.

## DOUGLASS ON MARKET

Manager Herzog has a pitcher for sale.

He is trading Phil Douglass. This twister is thought in Redland. He had a glorious chance to deliver in Cincinnati this season, but evidently refused to grasp it and is on the market.

## Dick Egan At Second

Dick Egan, who was formerly with the Reds is now playing second base for the Brooklyn team. He is playing such a high class article of ball that it begins to look like he is a fixture at the keystone sack. Egan a few years ago was one of the real stars of the game.

## TEAM MUST BRACE UP

Unless the New York Giants brace up and put over a few victories it is claimed the New York club may lose \$75,000 this season. The fans in the Metropole are so used to seeing a winner that they will turn their back on any losing team.

## "DAD" STRONG FOR TEAM

"Dad" C. O. Davis former caretaker of the ball park is a close follower of the game and always has his eye on the work of the locals.

"The team that beats out Portsmouth will win the pennant," said "Dad" yesterday. "They are all youngsters and faster than last year's team," says "Dad". "They are hitting about the same and the pitching staff is as strong outside of Carter."

## SPORT SALAD

Over in Brooklyn fans are willing to admit that Lee Magee will never become a real manager. Brooklyn always was slow.

For the first time in his long baseball career Muggsy McGraw admits his team unless bolstered and comes through with an unlooked for brace will not win the pennant this year. The frankness of some people.

Third Baseman Emmer joined the Babes in Lexington today. Manager Josh Devore now has six infielders. Someone will hit the plunk.

Charleston and Lexington halved their recent series, each club winning two games and each one chalked up a shut-out.

The Phillies are back in first place if you take a peep at the standing. The team refuses to crack.

Red Ames is having a tough time getting started this year. He is still undecided.

## KAHLER SENT TO COAST

Portland, Ore., May 27.—Announcement was made today that Pitcher Kehler of the Cleveland Americans has been purchased by the Portland Coast League club. The manager of the San Francisco team which is playing here said he had bought Pitcher Deut from the Atlanta Southern Association team. Kehler is a former Ohio State League flippant.

First quality work at reasonable prices, Brehmer, the Painter.

## "All Aboard" for Five Brothers

Nothing like a good satisfying chew to keep your nerves steady and your head clear. Street car men are about the busiest lot of fellows on earth. Starting—stopping—watching traffic—taking care of passengers—something's going on every minute.

It would be a tough job for them if they didn't have their FIVE BROTHERS to smooth out the kinks; but it's "All Aboard for the Contentment Avenue Line" when they use this rich, mellow, healthful tobacco.

## FIVE BROTHERS Pipe Smoking Tobacco

is made from pure Southern Kentucky tobacco, aged from three to five years so as to bring out its full ripe flavor and rich fragrance.

Most sturdy, live men won't use any other brand, once they've tried FIVE BROTHERS—because no other brand has the snap, the taste and the honest sweetness of FIVE BROTHERS. It gives you big, juicy satisfaction such as you get out of a good square meal.

"Mind your step"—get aboard FIVE BROTHERS for a week's trial of chewing and smoking and you'll never stop.

FIVE BROTHERS is sold everywhere—get a package today.

## Will Have Big Doings At Millbrook Park

Picturesque Millbrook park will swing into the amusement field on Decoration Day and, as usual, its opening will be under the direction of the local Tribe of Ben Hur.

Arrangements are under way to make the 1915 opening of the popular park the greatest since it was established. A series of events have been arranged, which when carried out will make the opening one long to be remembered.

Among the events will be a Young Ladies' Platoon Drill under the direction of Charles Bowser.

The Baby Show is attracting attention and will also be a big feature of the festivities. Babies between 6 and 18 months are eligible to enter and compete for the prizes to be given to the prettiest baby. Charles J. Miller will look after this contest.

Then there will be a running contest for girls, a playlet, "On the Big Little Horn," to be presented in the Casino by the Ben Hur Marine Club, skating and dancing, demonstrations by the Boy Scouts, running races for boys and a hurdle race for young men.

### COAL FLEET PASSING

The Raymond Horner, Harry Brown and other big towboats of the Pittsburgh coal fleet were passing here in one steady procession Thursday. The fine boating stage is greatly facilitating the fleet's movement.

## HAND MANGLED

Oscar Hood, who operates a crane in the plant of the Whitaker-Glessner company met with a serious accident late Wednesday afternoon. His left hand was caught between the wheels of the crane and a guard rail and all of the fingers were mashed off back of the second joints and the thumb was mangled, but it is thought that it will be saved. Drs. H. A. Schirrmann and Wm. Schaefer dressed Mr. Hood's injury, which is of a serious nature. He lives in Sciotoville and his friends will regret to learn of his misfortune.

### NO FISHING HERE

Pedestrians along Chillicothe street were astonished Thursday morning to see this sign near a pool of water at Third and Chillicothe streets. "No Fishing Here."

Officer Bonzo came along and "arrested" the sign. A force of men will repair the street and the bill will be sent to the street railway company, it was stated Thursday.

## TO DEMONSTRATE ENGINE

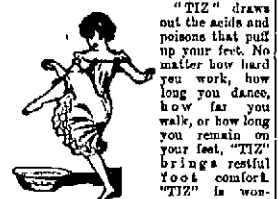

Messrs. W. A. Pepper, Frank Leedom and Glenn Brady will motor to Mayville Sunday to demonstrate the Kermath marine engine. Messrs. Leedom and Pepper have the local agency for this motorboat engine, which is considered one of the best on the market. Several engines

have been placed in local craft and have proven a decided success.

## DESERTION ALLEGED

Desertion and gross neglect are given as grounds in the divorce action of Mary H. Davis, of this city, wife of Stewart A. Davis, which was filed in common pleas court Wednesday by Attorneys Holcomb and Holcomb. The couple were married August 26, 1905, at Hamilton, O., and have no children. Mrs. Davis alleges that her husband has forced her to live on the charity of relatives and by her own exertions, and that he has spent his wages in fast living. She also prays that she may be restored to her maiden name of Mary H. Bundell.

## Confer Degree

Aurora Lodge No. 43, F. & A. M., held a special session today, beginning at two o'clock this afternoon, which will continue throughout the evening. The degree of Master Mason will have been conferred on six candidates before the meeting comes to a close.

At six o'clock supper will be served in the banquet hall to the candidates and members present, after which the meeting will be resumed. All members who desire to attend are assured of a good supper.

## TO REPAIR CROSSING

The public service department started a force of men to work Thursday reconstructing the intersection of Third and Chillicothe streets.

The low places on the east side will be raised the same as was done at the southwest corner in an effort to eliminate the pools of water that are to be found there after every rain.

The street railway company some time ago agreed to contribute something towards the expense of the change to be made but the city officials decided that they could not wait any longer and will render a bill to the company for the cost of the work.

## Standing By Our Home!

Times change and so do most all things. There was a time when people and corporations were equally and mutually hostile towards each other. The people complained of the oppression of the corporation, placed extreme and arbitrary restrictions upon it, and on the other hand the corporation was trying to do the people and spending the better part of their energies in getting out of them for the least amount of service. Happily that condition has largely passed away—it never did exist on the part of this corporation in so far as its present ownership and management is concerned. Corporations have learned wisdom with somewhat costly experience. They have learned that the best plan is to deal fairly and frankly with the people, to give them the most and the best you can for the money charged. This has resulted in bringing about a better understanding and a far more pleasant and desirable situation.

As for the present directorship of this company it never has been its plan to assume an unfriendly attitude towards the public, or take a course that would detract from the general interests of the community. Looking on the corporation as an institution of existence to draw from the good will of the community and business as a laborer to earn the good will of the community, the present directorship has labored to earn the good will of the community in every way possible. It has labored to share therein returned to it. There never has been another directorship that this corporation has encouraged the same by cordial welcome and prize or another project, promising growth and increased prosperity to the community. In a respect we have even gone farther than that. We have never spared either effort or money in the purpose to give our own home town the best service. We operate, as every local person knows, two utilities, street car and electric service. We do not hesitate a bit to say that in extent, in equipment, in quality and in the amount of service we give you go you won't find anything superior to our take it all around and you'll travel in a town of this size and even tried to electric end, we don't care where you will not find its equal. In neither have we ever tried to gauge our patrons. We've got the repairs, extensions and improvements as they develop and after making repairs, extensions and improvements as they develop we've never yet been able to declare a dividend. We're always building for the future, a future that has been a long ways off and yet, as far as we can see, Copping it all we have tried to be prompt and obliging. We are all the time trying to build up an enterprise that is an asset of the town, we invite the public to avail itself generously of our services.

Yours to serve,  
The Portsmouth Street Railway & Light Co.

## S. OF V. TAKES IN FIVE NEW MEMBERS

Five new members were mustered into the ranks of Vienna Camp Sons of Veterans at the special called meeting held in Selby (G. A. R.) hall Wednesday evening and four who were on the schedule to be mustered, were unable to attend. They will be taken in at a future meeting. The new members taken in Wednesday night were R. E. Thomas, Cary Riggs, Hartzel Evans, William West and W. S. Pixley. The meeting was a most enthusiastic one. All the "live wires" in the Camp are up and doing now, and the organization, always one of the "big" Camps of the division, promises to become also one of the largest.

Tomorrow, Friday evening, the Camp will attend the special called meeting of the S. of V. Auxiliary at the home of the president, Mrs. Harry Eichorn at Seventh and John streets. This meeting is also called to take in new members in the Auxiliary, as the ladies are working hard to make the Auxiliary strong in numbers and influence. They extend an invitation to all eligible to member-bers through the mystic degrees.

## Flowers Are Wanted To Decorate Soldiers' Graves

We will need all the flowers we can possibly get with which to decorate the soldiers' graves on May 31, 1915. All those who are willing to donate flowers for this purpose will please bring them to the Security bank building on Gallia street, Monday morning, May 31, between the

hours of 6 and 8 o'clock. Those desiring to bring flowers Sunday afternoon or Sunday evening can do so as the room will be open for the purpose of receiving the flowers Sunday afternoon and evening.

The ministers throughout the city are also requested to

ask their respective congregations at the morning services Sunday, May 30, for the donation of flowers with which to decorate the soldiers' graves in Greenlawn cemetery. These are also to be sent to the Security bank building on Gallia street, Monday morning.

## MOTHER-IN-LAW MUST BE PAID \$3.00 WEEKLY

John Butler known as "Pat" Newman, a steelworker, who was in police court Thursday on a charge of non-support, preferred by his mother-in-law, Mrs. Lizzie Morgan, of Brantway, who is keeping his children, was dismissed on condition that he pay her \$3 weekly commencing June 6.

Newman claimed that his failure to keep up payments for the support of his children was due to the fact that he had been out of employment all winter, just securing work a few weeks ago. Newman gave Mrs. Morgan a good name and denied authorship of an anonymous letter received by the court after the affidavit

had been filed against him and Newman, which attacked the character of the woman.

Frank Baker and "Pisen Bill" Kennedy had not sobered sufficiently to be brought into court. Both were arrested Wednesday night. Baker had been discharged from his position as watchman of the Garfield school and is said to have attacked a man named Hughes who had been appointed to succeed him.

Charles Adams, who was charged with fighting, was dismissed because his opponents, a man named Rutherford, failed to appear. They had had a misunderstanding over pay for some work

## Contracts Are Let

The Chesapeake & Ohio Railway company announces that contracts have been let, through a subsidiary company (The Chesapeake & Ohio Northern Railway) for the building of a bridge over the Ohio river near Portsmouth, Ohio, and about thirty miles of new line forming a connection between the Hocking Valley Railway and the Chesapeake & Ohio Railway by a trackage arrangement with the Norfolk & Western Railway from Waverly, Ohio, to Valley Crossing, a distance of about sixty-two miles. The cost of the new line, including the bridge, is estimated to be about \$4,500,000, of which \$4,000,000 is on deposit with trustee, being proceeds of sale of Kanawha & Michigan stock.

The new line will be of great advantage to the coal mines tributary to the Chesapeake & Ohio Railway, insuring a more expeditious movement of coal destined to the Northwest via the lakes, and also insuring a large tonnage to the Hocking Valley Railway. The new Hocking Valley coal pier at Toledo has great capacity and is unsurpassed on the lakes, and the Chesapeake & Ohio lines will occupy a more commanding position than ever before. It is hoped that the bridge and new construction will be completed by November 1, 1916.

## ENTERTAINMENT AT HIGH SCHOOL TONIGHT

The popular scientific entertainment which is to be given this evening by the Senior and Junior boys of the High School promises to be one of the most interesting ones ever given in Portsmouth. Short explanations of the various experiments will be made by Messrs. Foley or Fern Crawford. These experiments are all more or less spectacular as well as interesting. A few of them are as follows:

Wireless telegraphy, phosphorus rings, combustion under water,

magic bottles, X-ray, Babcock milk test, Madgeburg hemispheres, Carbon dioxide experiments, various explosives and thermit.

Besides these various experiments, various musical numbers will be given. Those who come are promised two hours of first class entertainment and instruction. The explanations given will neither be too scientific to be appreciated, nor long enough to become tiresome. The entertainment will begin promptly at 8 o'clock. Price of admission 10 cents.

## BOY "WILD WEST VICTIM" IS IN A SERIOUS CONDITION

Word came from Vaneburg Thursday that the condition of James Parker, aged 11, was very serious and his recovery was doubtful. Parker was shot in the head two weeks ago while playing "wild west" with several companions. The victim is a son of Mr. and Mrs. Bruce Parker, who are well known here.

## Masons Have a Fine Time at Wheelersburg

About twenty-five members of the Past Masters' association of the Seoto county attended the meeting of the Wheelersburg Masonic Lodge Wednesday evening and conferred the Master Mason degree upon one candidate before a large number of the members. The Past Masters, the majority of whom live in this city, left Portsmouth at different hours during the afternoon and traveled by street car to Seotaville.

An automobile met them at Seotaville and conveyed them to Wheelersburg. By leaving at different times, the unpleasantness of long waits was avoided.

About 6:30 o'clock the Past Masters and a few of their friends sat down to an enjoyable meal at the Baker House in Wheelersburg, elaborate preparations having been made for their entertainment. From the Baker House, they went to the lodge room where the ritualistic ceremonies were exemplified.

Before the meeting closed, brief talks were made by Judge G. M. Osborn and John A. Ives of this city, which were well received.

About a half dozen Masons from this city accompanied the Past Masters to Wheelersburg. Arrangements are now being made for a gathering of the members of the association in Lucasville next October.

## THE FIRST THING A GOOD DOCTOR PRESCRIBES

A good physic and liver stimulant is usually the first remedy prescribed by the physician when called to a case. He does so because he knows that most of our ills are directly or indirectly due to constipation, sluggish liver, etc.; therefore his first concern is to reach and remove the probable cause of the illness, and the system, relieved of this poisonous feces, again becomes normal.

And that is exactly the idea behind Santalox Laxative Tablets, a remedy for constipation, indigestion, and liver troubles, every ingredient of which has been passed on and approved by an eminent chemist, which you or any of your family may take and which easily and painlessly, but thoroughly and effectively, will cleanse your system, stimulate your liver, thereby ridding your organs and your blood of many of the underlying causes of illness and trouble.

Santalox Laxatives contain no emollient. They are mild yet very effective. Do not grip or irritate.

We know Santalox Laxatives will satisfy you. So positive are we of this that we sell Santalox under a broad money-back guarantee. viz.: If in your judgment they don't give you the results you expect, send us the empty box; we will refund your money.

Santalox are on sale at your druggists. Ten doses, 10c. Send for a box, take one tonight and make tomorrow bright. A physician's trial package free. If you mention this advertisement when you write, Santalox Remedies Co., 605 Union Central Bldg., Cincinnati, O.

# TWO WOMEN KILLED IN AIR RAID

## OTHERS INJURED AS ZEPPELINS TERRIFY SOUTH END, ENGLAND

South End, England, May 27.—Another Zeppelin airship raid was made upon South End last night and resulted in two women being killed, one child badly injured and many others hurt.

One of the dead women was identified as Mrs. May Faber, a visitor in the town.

The entire town was illuminated by the bursting of shells dropped by the air craft. The material damage caused appears less than on other raids.

South End, which is a municipal borough and popular seaside resort at the mouth of the Thames 40 miles east of London, has been the target for Zeppelin raiders several times in the past 6 months. On no previous occasion, however, have the results been so serious.

Some reports say that two and others that three Zeppelins took part in the raid. It is, however, impossible to give the number accurately because of the heavy clouds through which the moon shone intermittently at the time of the attack.

The noise of the propellers of the airships was first heard shortly before 11 o'clock. Then came at once the shock of the explosions as the bombs rained down from above. Some of the missiles were incendiary and threw out bright flashes of light. Crowds assembled in the streets of South End to view the raiders. The killing of Mrs. Faber, occurred while the woman was leaving a street car. It is recalled that on the previous raid the only victim was a woman.

British aeroplanes went up in pursuit of the raiders but were not successful in overtaking them. Some time later two Zeppelins were seen over Burnham-on-Crouch, seven miles to the northeast of South End, but no more bombs were dropped.

The secretary of the admiralty has issued a statement on the South End raid which admits two women were killed. It reads: "Last night a Zeppelin visited the east coast and bombs were dropped on South End. The casualties reported today are two women killed and one child badly injured. Very little material damage was done. Aeroplanes and Zeppelins proceeded in pursuit of the enemy but the Zeppelins succeeded in escaping in an easterly direction."

### 50 German Soldiers Are Killed By Bomb

Amsterdam (Via London), May 27.—Fifty German soldiers who were passengers in a street car at Ostend, were killed by a bomb dropped from an allied aeroplane according to a dispatch from that city to the Telegraph describing a series of air raids made by the allies' aviators. The railroad station, shipping in the harbor and numerous houses have been damaged.

### GERMAN SAILORS LOSE MINDS, ARE CONFINED

New York, May 27.—Several of the German sailors on board the North German Lloyd and Hamburg American steamships which have been docked at Hoboken since the beginning of the war have become mentally unbalanced and have been placed in the Hudson county jail in that city.

Three of the sailors became so violent that it was necessary to take them from the German steamships and place them under observation.

One of the men from the Barbarossa of the North German Lloyd line on returning from a trip ashore, asserted that he was Emperor William and issued orders directing a battle in France. Afterward a blacksmith on board the Vaterland threatened to sink that ship because she would not carry him back to Germany.

Dr. George King, the county physician, attributed their strange mental condition in part to enforced idleness, melancholia and homesickness.

### ENGLISH REPLY HELD UP BY CABLE CHANGES

Washington, May 27.—Delay of the British government's reply to the American government inquiry for an explanation of the meaning of the recent admiralty order relative to the "north about route" around the British Isles is being caused by officials here who are in some measure to the cable changes in London. Ambassador Page had been instructed to present an inquiry but as yet he has not indicated when a reply might be expected. The terms of the order drew distinction between allied and merchant craft which officials here could not understand. It does not disclose that new mine fields have been placed in the ordinary routes from Atlantic ports to points in the Scan-

### Italy's King Greets Fighters; Pope Benedict Gives Prayer

Rome, May 26—(Via Paris, May 27)—King Victor Emmanuel, upon taking supreme charge of the Italian army and navy issued the following order: "Soldiers on land and sea: The solemn hour for our nation's claim has struck. Following the example of my grandfather I take today supreme command of Italy's forces on land and sea with the assurance of victory which your bravery, self-abnegation, and discipline will obtain. The enemy you are preparing to fight is hardened to war and worthy of you. Favored by the nature of the ground and skillful works he will resist tenaciously but your unsubdued ardor will surely vanquish him.

"Soldiers, to you has come the glory of unfurling Italy's colors on the sacred lands which nature has given as the frontiers of our country. To you has come the glory of finally accomplishing the work undertaken with so much heroism by our fathers."

Rome, May 26—(Via Paris May 27)—"The hour which we are traversing is painful but our prayers will go out more frequently and more fervently than ever to those who have in the hands the fate of nations," is a declaration made by Pope Benedict in a letter to Cardinal Vannutelli published in the Osservatore Romano, the Vatican organ.

The pontiff recalls his first encyclical, in which he urged the belligerent nations to make peace but points out that his voice was unheeded and they continued "until the terrible conflagration has extended to our beloved Italy."

## AUSTRIA RAIDS ITALIAN COAST; ALLIES ADVANCE ON TURKISH POSITIONS

Milan, May 26.—Destruction of the railroad junction, evidently was the object of the bombardment of Ancona by an Austrian squadron which raided the Italian coast Monday, according to additional details which have been received here. The warships appeared off Ancona about midnight, accompanied by two aeroplanes which flew over the city.

The bombardment began at 3 o'clock and continued two hours. Shells of all sizes were fired. The guns were trained not only upon the railroad yards but upon the military hospital, the Bank of Italy and two barracks. The cupola of the cathedral was damaged.

Slight damage to the railroad was caused by shell fire between Porto Recanati and Porto Civitanova.

The Austrian warships retired from Ancona when an Italian fleet appeared. Because of reports that the Austrian squadron had been signalled from an Ancona brewery, all Germans employed there were arrested as spies.

Paris, May 27.—A dispatch to the Havas Agency from Athens dated May 26 says the action of the allies against the Turkish positions on the Dardanelles straits is continuing vigorously. Reinforcements are constantly being brought up. The Turks appear to be terrorized by the incessant renewal of the attacks. These indicate to them the absolute determination of the allies to force the straits. From time to time the British and French artillery throws a veritable hail of shells on the Turks.

Rome, May 27.—(Via Paris)—Except for the flags which fly not only from every house but almost from every window, Rome gives little indication of being the capital of a country which has engaged upon a great war. While the entire nation was eager for the conflict, a spirit of calm confidence has followed the stormy scenes which were enacted from the time the Salandra cabinet resigned until it was restored to power and the demonstrations of rejoicing which followed until the opening of hostilities.

It is apparent that the nation is preparing to make without complaint whatever sacrifices the war may bring.

## WAR REDUCES NUMBER OF COAL OPERATORS

Pittsburgh, Pa., May 27.—Thousands of foreign-born miners have already left this district to join the colors, and if the exodus continues coal operators and union officials fear a shortage in labor. Van Blinck, president of the Pittsburgh district of the United Mine Workers of America, said last night that 7500 men, 15 per cent of the total mining population of the district, have gone home since the war started. He said these included many Slav miners and now that Italy has entered the war, many Italian miners will follow. Operators estimate that between 2,500 and 3,000 men will leave this district within a few weeks for Europe.

London, May 27.—Sweden, Norway and Denmark have sent to Italy, Germany and Austria, following their declarations of war, formal notification of the Scandinavian nations' determination to maintain strict neutrality.

# LOCAL TEAM HAS GRABBED WONDERFUL PITCHER

## Hubert Baldwin To Report Monday; Heralded As Wonder

Portsmouth picked up a real pitching find.

President Galbreath and Manager Spencer firmly believe this trick was turned when Hubert Baldwin of Bluefield, signed a Portsmouth, Ohio, State League team contract.

Baldwin, who is rather tall, the head of the great Baldwin detective agency will arrive here Monday, and he will pitch Tuesday's game against Franklin.

And this, when Portsmouth grabbed this promising youngster, is heartening to many, considering the worst feeling in baseball is that no less personage than the famous Count Mac.

According to advance notices Baldwin is only 19 years old, has a splendid assortment of curves and has acquired an unusual knowledge of the game. He has pitched some great games in and around Bluefield and the well-posted fans of that city declare Baldwin to be one of the best pitchers who has ever performed in that locality.

A. R. Pittman, a special officer of the N. & W. notified President Galbreath today that he would arrive here Monday, and that Baldwin is a wonder.

Manager Spencer and President Galbreath are both very much interested in the young pitcher, and they have both tried to have this young phenom affix his signature to a contract.

## Experience To Come, Aggressiveness Here

Portsmouth has played 11 of the scheduled 16 games up to Wednesday. One resulted in a tie with Lexington and two games were not started because of rain.

At the get away the Senators lost the first two games here 11 to 7 and 2 to 1. Then the team broke over to Bluefield and scored an even break, losing the opener 10 to 9 and winning the second one 4 to 2. The club then defeated Ironton three times out of four trials in Ironton, returned

home and won and lost and tied one with Lexington and dropped two out of three to Ironton.

Supporters of the game here are satisfied with the way the team lines up. It has inherent strength and that desirable aggressiveness that wins many games in its evidence all the Bluefield Manager Spencer and President Galbreath are satisfied with the even dozen winning pitchers that will arrive to uphold Portsmouth's baseball reputation this season. The boys will be out there out of four trials in Ironton, returned

## Now For Comparisons

Portsmouth statisticians of the game will now be able to compare the playing strength of the Spencer aggregation with the players playing under the senatorial banner of Charleston. They will make a series of four games beginning today and they should give the club a fairly good idea of relative strength of each club.

Of course one or the other may get all the breaks, but this is hardly possible.

The Senators have been getting good pitching, there being trouble coming in a fielding way, errors being inserted when the enemy had men on the bases. Perhaps this is due to over anxiety on the part of Bluefield stars. Portsmouth always leaves the fans to the Charleston park and no doubt flunk of them will gather there the next four days to see the resplendent Blue City aggregation through difficult sloughs.

## WILL MARSANS JOIN REDS?

The rumor will not down but what Cubie Marsans will soon be favoring in the Reds' outfit. Manager Horner says he knows nothing about such a report, but Eastern sport writers claim they have an inside tip that Marsans will soon be doled up in Red hose again.

## Rains Have Cost Clubs Big Money

Rain has certainly cut deeply and painfully into the receipts of many ball clubs during this month. There were but two games in the National and American leagues Wednesday, Detroit wallowing Washington 10 to 5, and Chicago beat the Yankees.

Whenever the Reds file the team loses about \$500 per day. It is estimated that the Cincinnati club has lost about \$2500 on this present swing around the eastern wheel because of continued rains.

## SCHNEIDER LEADING

Here are the pitching records of the hurlers, who are trying to keep the Reds from dropping into the dark recesses of the old cellar:

Name	W	L	Pct.	IP	ER
Schneider	2	1	.667	15	27
Benton	1	4	.200	22	50
Dale	3	2	.600	21	30
Leah	1	2	.333	16	31
Ames	1	1	.500	22	31
Hougliss	1	1	.500	23	31
Brown	0	1	.000	11	22

## BABES ARE CRIPPLED

Although Chillicothe's team is badly crippled up, with both Moray and Zeller out of the game, nevertheless the boys have been winning some games. Manager Hevock has almost entirely changed the line-up of his team, but it has not had much effect on their play. This shows that we have a bunch of young fellows who can play where ever they are put.

Both Zeller and Moray are in the city convalescing and it is hoped that both can be back in the game when the team comes home Decoration Day.

## Hayden Is Blue

Minneapolis, Minn., May 27.—Jack Hayden, deposed manager of the Louisville Colonels, was a crest-fallen man when seen at the West Hotel today. He is on a late train for Louisville, where he hopes to be able to prevail upon Owner Wahlen to allow him to remain in charge of the team.

"I just can't think out this request for my resignation," said Hayden, "for only the other day Mr. Wahlen wrote me a letter from which I gleaned the record which was perfectly satisfactory."

## Phils Cut Squad

Philadelphia, May 27.—Joseph Descher, pitcher for the Philadelphia Athletics, was released today to the Providence International League club. Ben Thompson, the Indian pitcher who has been on the disabled list, is almost ready for work again, and Manager Moran let Descher go in order to keep with the 21-player limit.

## DOUGLASS ON MARKET

Manager Hevock has a pitcher for sale.

He is Fighting Phil Douglass. The hurler is through in Ireland. He had a phantasmic chance to deliver in Cincinnati this season, but evidently refused to grasp it and is on the market.

## Wants to Risk His Neck Once More

JOE DAWSON

Despite the fact that for months he lingered in the valley of the shadow of death, as the result of turning over with his car in the Indianapolis 500-mile race last year, Joe Dawson, winner of the 1912 500-mile race, wants to risk his neck to compete in the Hoosier contest, and is now looking about for a team. In view of the fact that practically all the other teams are filled, it is thought his ultimate choice will be Maxwell. Ray Harroun, manager of this outfit, is a former racing pal of his, and has often stated he would like to have Joe on his staff the worst way.

## Have The Miracle Men Cracked?

Fans over in Boston are wondering what is the matter with the World's Champions, the Miracle Men, who by their diamond feats last year started the baseball world.

Here it is early June and peering around the corner and the Braves have not shown any of their last year's prowess.

Both Rudolph and Janes the heroes of the famous four straight series from the Athletics have not shown so well and the team's hitting has been rather flat.

Of course Johnny Evers has been on the bench. This undoubtedly has enticed the Miracle Men to lose some of their aggressiveness. Evers with his temperament could not consistently play on a team that refused to display any aggressiveness. The agile, quick thinking chap is not built that way. But get the boys back to the power-shoveling of the Braves they have so far been a disappointment. Victories have not come to the club with the pleasing regularity that the Boston fans had anticipated.

Yes, the Boston fans are always wondering what is the matter with the Miracle Men. Their pitching has been rather sloppy and their fielding has not been as hard and sure as last year, but the who says of hope lies in the fact that the team continues to ride the pill and may come back strong as last year. But Boston fans stake their heads gravely at this remark.

## The Cream Of Huntington's Duck Pin Artists Will Invade The City

Duck pins will double over in great shape at the Play House allers Saturday night.

The Huntington team will play a regular engagement. It was announced Thursday by Manager George Wilhelm of the local five. A special session is to follow the public and the visitors will be shown a great time.

These Portsmouth-Huntington games are always hard fought and Huntington sends word down that it will bring the strongest team ever and the locals should get prepared to be swept off its feet.

"We will be there when the guns tap," said George Wilhelm last night, "and will uphold the city's enviable reputation for turning out consistent, bowlers and duck pin rollers. Huntington can bring all the runners she wants to, we will give them one royal battle for the high score honors."

While in Charleston (the Portsmouth team) will be quartered at the Kanawha Hotel, which is managed by L. E. for the Charleston Senators.

## Will Serve Fans With Double Bills

President Wm. Galbreath announced Thursday that the postponed game with Lexington would be played on Sunday July 4. This will give the fans a double bill on the Sunday before the day on which the fourth will be celebrated and the two battles with so clever a team as the Colts should attract 2,000 fans to the park.

The postponed game with Ironton will be played on Sunday June 26 when the Raiders play a Sabbath engagement in Bluebrook. This pair of battles with our old enemy should also draw two monster crowds.

By shifting his line-up again and introducing a phenom pitcher, Manager Hevock managed to give his first game of the season from Josh Devore's Ribbs. Heavensman deserves to win. He has been working hard all season to give his city a good ball team. He has been receiving good support and with the winning of a few games to give his youngsters confidence, will be an important factor in the league. (Chillicothe News-Advertiser)

## Working Hard

May Return To Toledo

Toledo, May 27.—Word reached this city today that the Cleveland Spiders, the American Association team owned by Charles A. Spiders, Cleveland manager, would come here at the end of the St. Paul engagement, possibly on Monday.

## "DAD" STRONG FOR TEAM

"Dad" C. O. Davis former caretaker of the ball park is a close follower of the game and always has his eye on the work of the locals.

"The team that beats out Portsmouth will win the pennant," said "Dad" yesterday. "They are all youngsters, and faster than last year's team," says "Dad." "They are hitting about like some and the pitching staff is as strong outside of Carter."

## Injecting Life Into Players Branch Rickey's Best Asset

When his two crack pitchers, Earl Hamilton, admittedly one of the greatest hurlers in the American league, and the "old water" wagon and wheel, pitcher, were sent over the fence and were turned to his home in Huntington, old Manager Branch Rickey of the St. Louis Browns lost his nerve and became pensive. "Not much," he said, "county boys are not built along these fragile lines."

"Well, what did Rickey do?" asked the ball players together. "Why, he talked them back, explained what a pitcher is, and told them to each other as well as himself and to the club owners and the fan populace. He talked, yes, but he talked with all possible courtesy. He never said a word of a 'gentleman' or 'off the field.' The players have known this from experience."

of the put-on-the-back theory. He finds the results of him. It far more satisfactory than to have a player out of the game. This method is bearing fruit.

Without the services of the team's best pitchers and facing Eastern teams, Rickey's rejuvenated team has come through with the best of victories and now has the Mound City as a rallying point for his team.

And this is all gratifying to the players. There isn't a single of the game Rickey is not familiar with. Of course he makes mistakes. But he profits by them.

In old St. Louis baseball enthusiasts are proud of the work Rickey is doing out of a supposed fall and regret that it ruins the services of a great pitcher.

## Made Teams Play In Rain, Lexington Beat Charleston

Charleston, May 27.—Umpire Fred Long made the Senators and Lexington Colts play through rain during of rain here Wednesday. The game was noted for four times. The fifth is looked as though serious trouble would result as Manager Hevock refused to allow his men to hit at the ball.

When Umpire Long pulled out his watch, the rain changed his mind and the game proceeded.

Umpire Long knew what to do all right when the rain came in. In the last of the fifth inning, just after the Senators had sent one runner up in but and the pitcher's runner to Shaffer who was playing first base.

The rain was coming down in torrents and Manager Hevock insisted that the game be called off. Hevock ordered all the Senators to the bench and stepped on the plate. The umpire listened to the arguments for some time and then pulled out his watch and announced that he would wait while he saw if the rain stopped. The visitors in the second inning had taken advantage of McLean's wildness and coupled with two doubles and a home run by Homer Cain, with the bases full, they had piled up five runs while the Senators could not put in a single out.

This looked like a victory for Hevock. The game was stopped before two more local batters had come out, it would not count. After a twenty minute wait, however, the play had slipped away farther into the east and Umpire Long again called "batter up." This brought another protest from Hevock, but it was in vain.

Manager Cain had rushed his players into the field and quickly two more Senators perished. So the game was recorded as a victory for the visitors.

The score:

## Cain Can Wallop Pill

Says the Charleston Gazette: Fans who are used to seeing Homer Cain play ball were not surprised when he hit the ball over the fence, with the bases crowded. Cain has a bad habit of breaking up ball games with such tricks as this.

## Are Going Fine

(Chillicothe News-Advertiser)

Secretary McCarthy is in receipt of a letter from Manager Devereaux saying that the team is going good and as soon as the injured players are able to return to the line-up he expects to get going good.

## SPORT SALAD

Over in Brooklyn fans are willing to admit that Leo Muggs will never become a real manager. Brooklyn always was slow.

For the first time in his long baseball career Muggs McGraw admits his team unless bolstered and comes through with an outlook for brace will not with the pennant this year. "The frankness of some people."

Third Baseman Enmer joined the Rubes in Lexington today. Manager Josh Devore now has six infielders. Someone will hit the plank.

Chillicothe and Lexington have had their recent series each club winning two games and each one clinched up a shut-out.

The Phillies are back in first place if you take a peep at the standing. The team refuses to crack.

Red Ames is having a tough time getting started this year. He is still hoodooed.

Man-with-the-Crouch, "gives 'em the vote, if they want it. I'm tired of their everlasting jawing for it."

"They seem to attach an undue value to the old thing. I suppose it's nothing more than that old human fallacy which makes the thing we haven't got more valuable than the real treasure in our hands."

"The men don't value it very highly, so far as I can see. Why should the women regard it as such a precious thing?"

"I've known lots of men who won't take the trouble to go out and vote if it rains on election day."

"There are others who take advantage of the holiday to leave the city the night before and spend the day on the links or at the country club."

"Others have forgotten to register or have decided to spend the day loafing, or for some reason or another have let their privilege of voting go for nothing."

"For heaven's sake," muttered the Man-with-the-Crouch, "stop talking about the vote. I've had enough of it. I'm tired of their everlasting jawing for it."

Two special policemen were stationed on the corner to see that the crowd behaved itself. As he was passing by the Man-with-the-Crouch stopped a moment to see what arrested the crowd and why the policemen were necessary.

It was six o'clock, the hour when every day working folk were hurrying home, and the corner was in the heart of the city. Naturally, it must be something important to detain people who were in a hurry to reach home and supper.

The cause of the excitement was nothing more than a motor car at the curb with a shrill voiced siren rattling pleading for the privilege of the vote for herself and her sex.

"For heaven's sake," muttered the Man-with-the-Crouch, "stop talking about the vote. I've had enough of it. I'm tired of their everlasting jawing for it."

"DON'T TAKE THE TROUBLE TO GO OUT AND VOTE"

# Water Lapping Borders Of Newly Planted Corn Land

The rise in the Ohio river forced a suspension of work on the government dam just below the city.

The Sherman-Kirk Contract Company has started to build a new concrete dam, but has not yet commenced work on the concrete which was submerged the river.

Low bottom land owners have been considerably alarmed for fear that the river would reach their newly planted corn, but a bearing continued rain, it is not likely that the water will reach the low ground. It takes a stage of from 20 to 28 ft. to entirely cover the low ground in the Scioto bottoms, and present indications are that the river will not go beyond the 20 ft. mark, unless, of course, there should be more rain.

Contractor Henry Ruel assured Dr. J. S. Laker, director of public safety, Thursday morning, that there was no danger of the county temporary bridge being out.

Just received our office straw berries, per 24 quart crate \$1.75. Now is the time to put up your berries. Phone 1410 and 1468. adv 274

## Ankle Broken

Frank Wallace, 1209 Ninth street, is nursing a small fracture of the left ankle, the result of being struck by an automobile at the corner of Ninth and Waller streets last Sunday about noon. He was crossing Ninth street, and when opposite the Dr. Williams' home, was struck by a car headed east, which threw him to the paved street. He wrenched his left leg severely in the fall, besides suffering a slight fracture of a bone in the ankle. The name of the driver of the car could not be learned.

## The Movies

Five Big Reels At Arcana Theatre Tonight

Talk about your big shows in the motion picture world—glance at the program for the Arcana theatre tonight! Really, the attractions offered by Manager Potts for tonight were never equaled in this part of the country for the small price of five cents. First will be the thirteen episode of the "Master Key," a strong western production that has taken the city by storm. Those who have been following this wonderful attraction say it is the best production ever produced on canvas. Each episode is complete in itself and so thrilling that you cannot afford to miss it. The second feature will be a two reel Big U, entitled "Cameo King." This is a soul stirring drama, where intrigue and hatred are finally overpowered by right and love. It is a sensational play and has been one of the greatest successes of the Big U Film company. Two reels and not a dull moment in the two thousand feet. The last will be a one-reel comedy entitled "The Supreme Impulse," a mirth producing play that will put everybody in uproariously good humor.

The big bill tonight is bound to draw capacity houses. The Arcana is furnishing the playgoers with great attractions and the army of patrons is being recruited rapidly. Be an Arcana booster. Remember you have all the comforts of a high class theatre for the Arcana has been completely remodeled and is now one of the neatest picture houses in this section of the state. The admission is always the same, 5 cents.

The finest telephone wires in Portsmouth are those leading to the TIMES WANT AD department.

## Ice Cream Social Tonight At Church

The ice cream and cake social, scheduled by the Ladies' Auxiliaries of the First Christian Bible school for tonight, and which was to have been held at the home of Miss William, Eighth and John streets, has not been called off, despite the minor freaks of the weather. The social will be held tonight at the church, and all holding tickets for the affair will govern themselves accordingly.

The center have been baked, and the ice cream made, and if you want to enjoy the good things to eat, as well as whole-hearted fun and hospitalities, attend the affair at the church. The price is but ten cents, and the only cheap thing about the social.

The First Christian church's band will furnish music for the occasion, and good music will be assured to all who come.

## ATTENTION KNIGHTS OF PYTHIAS

All members of Massie lodge No. 115, Knights of Pythias, are requested to be present at the regular convention this evening after which the lodge will go in a body to the Williams home to pay its respects to our late esteemed brother, John M. Williams.

OSCAR SMITH, Chancellor-Commander.

## BABY OUT OF DANGER

The sixteen-months old child of Mr. and Mrs. William Sargent, of 1224 Ninth street, who swallowed a one-quarter grain morphine tablet Wednesday morning, was pronounced out of danger this morning. His condition improved throughout Wednesday afternoon and evening, after being critical Wednesday morning. It required strong effort to keep the child awake for several hours after taking the drug.

## MEASURED FOR UNIFORMS

About one-half of the members of Co. K, O. N. G., turned out at Kendall's hall Wednesday evening to be measured for new uniforms. The other half will have to be measured at a later date. Captain Smith requests that the members of the company pay attention to the notices inserted in the papers and respond promptly.

Captain Smith and Lieutenants Horehow and Williams expect to be called in Columbus soon to be given their commissions. Active drilling will not begin until the commissions are received.

## 62nd Anniversary Of Jr. O. U. A. M.

Portsmouth Council, Jr. O. U. A. M., will celebrate the 62nd anniversary of the founding of the order with an elaborate banquet and an entertaining program at the Council hall, Fifth and Chillicothe streets, this evening. Details of the program are in charge of a committee, composed of C. B. Graninger, Irwin Boyser, and William Boyles, and they are keeping their secret until the time arrives.

Only a brief session of the lodge will be held, at the close of which a tempting repast will be served. The program will then follow. Frank H. Schmidt, one of the hustlers of the local Council, will read a detailed history of the order.

Want Information

The city officials are in receipt of an inquiry from the Stuss Baker Construction company, of Huntington, W. Va., regarding the next sewer letting here. The company evidently expects to submit bids.

# Pumps Must Work Right Or City Will Purchase New Ones

W. W. Watson, the resident engineer of the J. T. Witmer company, of Buffalo, N. Y., has taken prompt steps to relieve a delicate emergency that has just developed with Portsmouth's water supply system.

The bearings of the south low dam pump at the new pumping station went out Sunday, putting one of the two units of the plant entirely out of commission. As the reservoir has been drained to permit repairs to the pump, which Curtis & Shumway are now engaged in the city is being supplied by the north pumps, and should something happen to the bearings of that unit, the city would have to fall back upon the old pumping station on Mill street. This is unable to furnish the required quantity of water at this season of the year without the assistance of the north pump, which the John H. McGowan company, of Cincinnati, had loaned to the city and which has since been moved on the river bank.

Mr. Watson at once communicated with the McGowan company, acquainting it with the true situation. The company assured him it would do all it could to relieve matters. A new bearing for the south pump has been shipped to Portsmouth.

The McGowan company's one year, which it is allowed for making its sub-division of the new work contract satisfactory, expires in September. The Witmer company recently served notice on the company unless the pumps operated perfectly, or long the city would advertise for new pumping machinery.

Williams which will take place from his late residence, No. 1110 Ninth street, at 9:30 o'clock. The Drum Corps will report for duty on this occasion.

CREAD MILSTEAD, Commander.  
W. H. WILLIAMS, Adjutant.

## BAN ON TANGO

The stucco tango will not be danced in the Millbrook pavilion this summer.

This announcement was made Thursday by Charley Bourgholtzer, manager of the pavilion and rink. "We will permit the waltz, two step and one step, but a ban will be placed on the tango," said Mr. Bourgholtzer, who has a force of men putting the big pavilion in fine shape for the summer months.

## PANAMA CANAL BOND ISSUE IS DISCUSSED

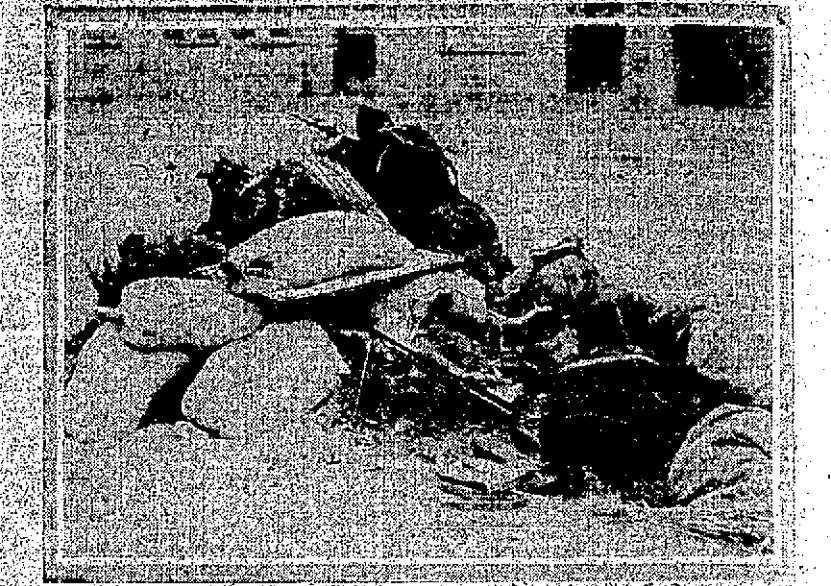

Washington, May 27.—Discussion of the necessity for a Panama Canal bond issue, in view of the prospects of reduced customs revenues and of refunding millions already collected, was reviewed here today as a result of the customs court's decision, which sustained the so-called "five percent" clause of the law granting a reduction of the duties to that amount on goods imported in American bottoms.

The court also held that five percent rebate must be granted on all goods imported in ships of those countries with which the United States "favoured nation." The treaties include the leading nations. The effect of the decision, therefore, virtually reduces the customs revenues by five percent. It was said today an appeal would be taken to the supreme court. If that court sustains the decision about \$15,000,000 in duties already collected would have to be refunded. The government, importers and American and foreign ship owners were parties to the suit.

Plans Sleeping Porch

A. S. Turner expects to convert the upper front veranda of his hotel on Third street into a sleeping porch. He will leave nothing undone to add to the comfort of his patrons.

# EUROPEAN WAR PICTURES AT COLUMBIA TODAY

Manager Jones had a rare treat for his Columbia patrons today in the famous European war pictures. These are the same pictures which were shown at the Grand Opera house in Cincinnati some few weeks ago, and they bear the endorsement of the German consulate in this country as being true and genuine pictures of the fearful war now raging in Europe.

Throughout the entire 1,000 feet of these pictures, Lieutenant Reddick, of the Dutch army, will lecture and graphically describe all the many interesting scenes, and every person attending the Columbia today will certainly be well repaid. There will be no increase in the price of admission for these pictures. All seats, both afternoon and evening, will be 10 cents for adults and 5 cents for children under 12.

The first show this afternoon will begin promptly at 1:30, then at 3:00 and 4:30, and the first evening show at 6:30, then at 8:00 and 9:30, and you had better come early to avoid the rush.

# FRANCHISE IS MAY ACCEPT REPORT OF BANKING PROBERS

The Traction Register says: "The Ohio Valley Electric light company of this city was granted the franchise yesterday of furnishing lighting for Russell by the council of that place. A. L. Thum, local superintendent, was present, also a bid was submitted by a Russell party, but Mr. Thum was granted a twenty year franchise at his bid of \$22.50. The lighting system will be installed as soon as right of way is secured for erecting poles which will extend the line down from the high extension tower opposite the station in the south side. The electric power will be used in Russell for commercial and private use and not on the streets, for they are lighted by gas."

Columbus, May 27.—Republican legislators today were prepared to insist upon acceptance of the report of the special committee, which investigated the conduct of the state banking department under former Supt. E. W. Tatterson. The report, as completed today, severely criticized Mr. Tatterson for his management of the department. Submission of this report was a feature of the closing session of the legislature which convened this morning, and which is expected to occupy the two, or possibly three, days, under the parliamentary fiction of a continuous session of Thursday.

The special banking committee's report, as prepared today, accused Mr. Tatterson of having made appointments because of political influence, rather than because of efficiency. Extravagant fees were paid liquidating officers, at yesterday's meeting, employed in winding up affairs of defunct banks, the report charges. It adds that no attempt was made to secure approval of the council on the salary and expense payments made from funds of the liquidated banks. Mr. Tatterson is criticized strongly for forcing banks into liquidation without giving them ample time to use credit of their banks or individuals responsible for a bank's conditions.

# Thanks STEAMER BRINGS REPORT OF MALAY UPRISING

The mayor has written to Miss Leonora Albright of the civic improvement committee, expressing his thanks for the flowers placed in Tracy park and donated ten dollars as his part of the expense.

The Arkansas River

The Arkansas river is 2,170 miles long, but at various points in its course is very narrow.

Tokio, May 27.—Reports of serious rioting in the northern part of the Malay peninsula have been brought here by steamer from Singapore. The uprisings are said to have been started as a protest against taxation.

It is reported that a force of 3,000 rebels repulsed a punitive expedition and pillaged villages and towns, murdering many white residents. The British administrator has advised white women to take refuge in Islam.

# Special Meeting NEW CABINET MEETS

London, May 27.—(12 noon)—King George held a private council this morning at which the seals and the warrants of office were handed to the new members of the cabinet. Subsequently the first meeting of the new coalition cabinet was held.

The king has conferred knighthood upon Frederick, Edward Smith, solicitor general in the new ministry.

Benzo Sluething

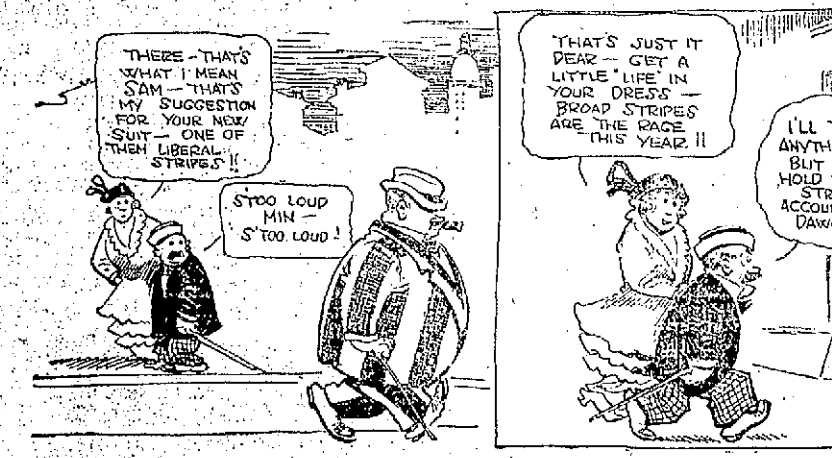

Officer Joe Benzo was detailed to investigate complaints about a vicious dog at No. 1018 Fourth street, Thursday morning. It was reported that the dog had bitten a child but Benzo found that instead the child had rolled down some steps and the dog simply leaped over the lot.

# WOMAN IS SLAIN IN DR.'S HOME

Chicago, May 27.—Dr. Eva S. Shaver was held by the police today to explain the shooting in her home last night of Miss Anna Johnson who was said to have come to the physician's home from Ludington, Michigan, a week ago. The girl was found with a bullet wound in her head in a room occupied by Clarence Shaver, a son of the physician, who has disappeared. W. C. Harvey, who lives at the Shaver residence, and who found the body, but who the police say failed to notify them until several hours after the shooting, was arrested.

A revolver owned by young Shaver was found tightly clutched in Miss Johnson's left hand. The fact that the bullet which caused her death entered the right side of her head puzzled the police. Three bullets had been fired from the weapon. Two of them were found imbedded in the wall.
